

**Universal Cylinder Brackets
SKU# 7216-YE**

This simple, yet effect bracket immediately improves workplace safety by providing secure storage for any number of cylinders from 3"-10" in diameter. The plastic design is lightweight, durable, and non-sparking. The unique design allows an unlimited number of brackets to be strung together. Great for cylinder storage or transport.

- Plastic construction is naturally non-sparking
- Security strap included
- Link multiple units together for any number of cylinders
- Attaches to any wall or truck securely
