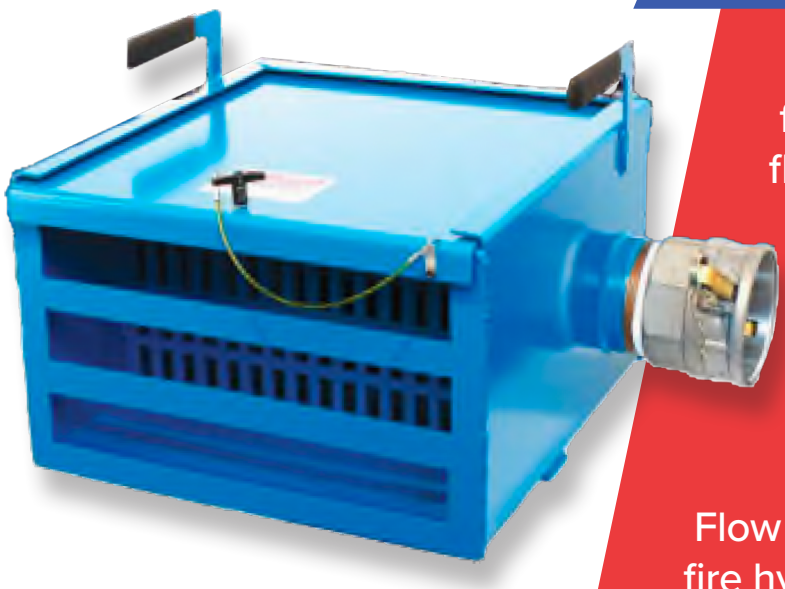
PTRUCKFLUSHD with hose
PTRUCKFLUSHDRL less hose

Truckflush
Dechlorinating Diffuser

PRODUCT DETAILS



Pollardwater's TruckFlush is ideal for potable water flushing where high flushing velocities are required.

This unit offers the ability to dechlorinate your discharged water (<2ppm chlorine) by using Vita-D-Chlor™ Tablets.

Flow from either the pumper or side port of a fire hydrant. The TruckFlush is safely secured to a utility service truck by means of a 2" standard receiver hitch making this a safe and effective dechlorinating diffuser.

powered by FERGUSON
