APPLICATION

Use when temperature is 40-90°F (10-32°C) and humidity is below 85% to ensure proper drying. This product can be used down to 25°F (-4°C) which may result in a slight reduction of delivery rate. Protect surrounding surfaces from overspray. Overspray can carry a significant distance. Shake can vigorously for one minute after mixing ball is heard. Invert can and point at ground or floor. Hold can 4 to 10 inches above surface to be marked. Press in sideways to spray or use Rust-Oleum Marking Wand (#2393000) or Rust-Oleum Marking Pistol (#210188). Follow directions for proper use of this equipment. Keep can moving to prevent build-up. Clean valve by spraying upright for 2-3 seconds after each use.
