IMPACT HAND PROTECTION

The M-Pact® work gloves combine advanced protection, durability, and comfort to tackle the toughest jobs. Featuring Thermoplastic Rubber (TPR) knuckle protection that meets EN 13594 impact standards, these gloves guard against blunt forces while maintaining flexibility and dexterity. The AirHammer™ palm padding wraps around the side and heel of the hand, encasing 2mm D3O® to absorb high-impact energy and reduce fatigue. The abrasion-resistant Ripstop fabric on the back of the hand resists snags and repels water, while the extended hook-and-loop wrist closure ensures a secure fit. The M-Pact® delivers dependable protection and performance for hardworking hands.

FEATURES

1. New knuckle and finger TPR design improves flexibility and dexterity without compromising protection.
2. Welded TPR knuckle design integrates a Lock Ring™ pattern around the thumb increasing durability in a high wear area and without the need for vulnerable stitching.
3. Extended hook and loop wrist closure design provides a secure fit.
4. Water repellent and abrasion resistant Ripstop material lines the back of the hand reducing potential snagging while working in confined spaces.
5. Touchscreen capable 0.8mm synthetic leather palm.
6. Reinforced index finger and thumb increases durability while the ribbed stamp pattern increase grip.
7. Grip panel at the base of the fingers improves grip and durability while using any tool.
8. 2mm D3O® impact and vibration dissipating palm padding is encased by double-stitched grip material.
9. AirHammer™ palm padding design wraps around the outside of the hand creating a functional and protective surface.
