CLEARFLO

Installation Notes

Install this product according to the installation and care guide.

Dimension **X** = The cut length of the brass pipe will depend upon your bath model. To determine the correct cut length of the brass pipe, refer to the cut-line template packed with the drain or the "Cut the Pipe" section of the installation and care guide.

NOTE: When using the cut-line template, butt the edges of the cut-line template against the respective flat ends of the overflow coupling and drain elbow fittings. This will ensure the brass pipe is cut to the correct length.
