### Notes

Measure your actual product for rough-in details.

Install this product according to the installation instructions.

The hot water supply should be 70% of the capacity of the bath or greater. Installations will vary.

Provide one grounded electrical outlet within 24" (610 mm) of each component.

Remote blower installation kit is available for relocating the blower.

Kit is required for under-mount installations (sold separately).

Do not relocate or alter the PVC tee or coiled flexible tubing connected to the blower. Follow the blower relocation instructions exactly.

Control amplifier fits 16" (406 mm) center studs.

For under-mount installations, kit K-814 is available.
