Electro-Boiler™ Applications

Electro Industries' Electro-Boiler products are packaged with features, advanced technology, and quality construction that are carefully made in the USA to ensure easy installation and exceptionally long service life.

This is backed by our 20-year vessel and element limited warranty* and our 2-year controls limited warranty.

Our attention to quality doesn't stop at our boilers; we offer direct, live and local technical support with over 25 years of boiler manufacturing experience.

Radiant Heat Storage

Baseboard

Dual Boiler

Solar Assist

Achieve ultimate system control using our communicating Zone Controllers which enhance the staging of the Electro-Boiler:

- Zone valves or pumps
- Dual temperature
- Priority zone
- 40VA transformer
- Digital or standard thermostats

Together with these world-class features our boilers also include:

- Easy access controls for professional installations
- Internal circulator pump relay to simplify wiring
- Communicating zone controls[†] for the ultimate in complete system control
- Simple to use utility load control connections
- Front panel LED indicator lights for easy to read boiler status
- Quiet operation
- Temperature output sensing enabling the desired design temperature
- Easy setup controls to reduce installation time
- ASME H Stamp[‡] and CSA approved to assure years of reliable service
- 30 psi pressure relief valve

Radiant Floor

Water Coil

Radiator

Water-to-Water Heat Exchanger

Whether you are installing a simple, single zone system or a system with multiple boilers and zones we have the boiler and accessories to meet your needs. Contact your Electro Industries distributor today.
