

F.W. WEBB COMPANY

**Airco**  
Oil Furnaces

Keeping  
**Families**  
**Comfortable**  
For More  
Than 60 Years

## Reliable, Efficient Home Oil Furnaces

- Variable Speed Technology
- Up to 87.5% Efficiency
- Optional Cooling Up to 5 Tons

Proudly Built in the USA

# Airco Provides The Best Value In Oil Heating Comfort For **Your Family.**

## Why Choose Airco?

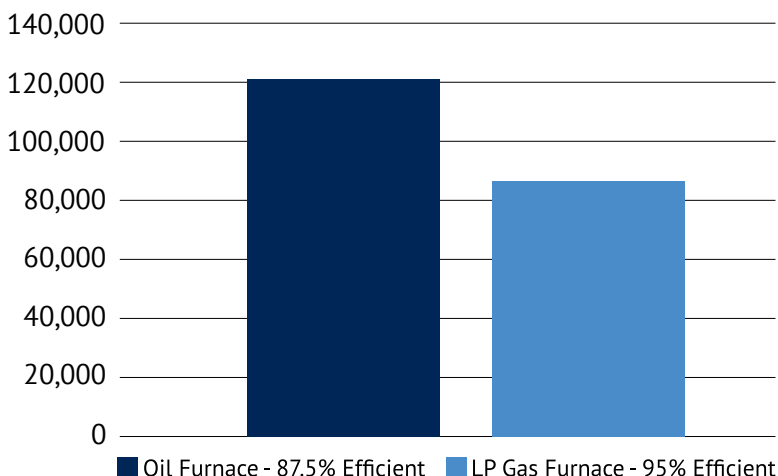

You want your home to be comfortable, but you also need to be mindful of annual fuel costs, maintenance and dependability. So where do you turn? Airco oil furnaces have been reliably heating homes for generations. If you want to get the most out of your next heating system, Airco has the optimal oil furnace solution – like our new UML and LRF series furnaces. These innovative products feature ENERGY STAR® models that can achieve efficiencies up to 87.5% AFUE. Installing a higher-AFUE Airco furnace provides more heat for every dollar spent and may also qualify for energy-efficiency rebates or incentives.

## Did You Know?

Fuel oil has 138,500 BTUs of energy in every gallon. Propane has only 91,333 BTUs. So for every gallon of fuel oil you get approximately 52% more fuel energy to convert to heat for your home.

Another factor to consider is the cost of the fuels. Over the past decade fuel oil continues to be the most cost effective choice in the Northeast.

## Oil Supplies More Heat Per Gallon of Fuel

## Proudly Built In The USA

Manufactured in our Dunkirk, New York facility, each Airco furnace is assembled to our high-quality standards and tested prior to shipping.

## We've Got You Covered!

We stand behind every Airco product we engineer and build with a Limited Lifetime Heat Exchanger Warranty and a five-year parts warranty. For additional coverage, the Trinity Warranty Plan is also available. It offers parts and labor coverage for either five or 10 years from the date of installation.

## What Do Our Customers Say...

“Compact and efficient. That’s what we wanted. Our old furnace was very old and needed replacement. Our new Airco furnace has been very reliable.”

*Tim ~ Erie, PA*

# Airco Furnaces – Exceptional Features

## Stainless Steel, High-Efficiency Heat Exchanger

### Airco's Latest Innovation!

Our multi-pass design consists of a primary heat exchanger that utilizes a high-grade 409 stainless steel drum to withstand extreme temperatures and corrosive conditions. Additional passes are constructed of aluminized steel tubes with stainless steel turbulators, which increase surface area, resulting in maximum efficiency levels and reduced operating costs.

Featured on ENERGY STAR® models.

Shown on Universal Series Model

### Welded Steel Heat Exchanger

Our standard dual-pass heat exchanger is constructed of heavy-gauge welded steel for added reliability. The large surface area maximizes heat transfer into your home. Accessible clean-out ports simplify routine maintenance. (Found on all models except UML, UMLV, LRF, LRFV)

### Electronic Fan Timer Control

Wiring is color-coded and equipped with connections for easy air conditioning, humidifier and air cleaner installation. A terminal strip is also supplied for thermostat connections. (Found on all models except BCL120ST2, BCL145ST2, BCL190, BFL120T2, BFL145TNX2)

### ECM Blower Motor

The variable speed technology of an ECM, Electronically Commutated Motor, increases comfort and reduces operating noise by quietly ramping the blower fan up and down, providing a more consistent heat in the living space. The high-efficiency blower reduces electrical consumption up to 80%\* and many utilities offer rebates on furnaces equipped with an ECM.\*\* (Found on UMLV, LRFV, BMLV, HTLV, HMLV, WMLV models)

\*Individual savings may vary

\*\*Check with your local government agencies and/or utilities regarding the availability of rebates. Another resource is [www.dsireusa.org](http://www.dsireusa.org)

# Our **Most Versatile** & Efficient Furnace Series!

## The Universal Series

### Models (UML, UMLV)

The Universal Series is a multi-positional furnace that can replace highboy, lowboy, horizontal or downflow furnaces...versatility to fit any application! Compared with oil furnaces of long ago, the compact design of the Universal Series will allow you to claim more usable area in your basement. Additionally you will be able to enjoy fuel cost savings and greater comfort for you and your family!

## Versatility to Fit Any Application

**4 Positions:** Upflow,  
Downflow or Horizontal

FOR SPECIFICATION INFORMATION, SEE PAGES 8-9

Return:.....14" x 18"

#### Chimney Vent Burner Options

- Beckett AFG
- Riello 40F3
- Carlin EZ-LF

#### Direct Vent Burner Options

- Beckett NX
- Riello BF3
- Riello BF5

#### Blower Motor Options

- ECM Variable Speed High Efficiency
- PSC Direct Drive

#### Other Features of the UML, UMLV Include:

- Select models meet ENERGY STAR® requirements
- Four Firing Rates: .55, .65, .75 and .85 gph
- Models are shipped at .65 gph firing rate with all alternative nozzles supplied with furnace
- Front access to heat exchanger. Easy to clean
- Includes a 16" x 20" filter rack with washable, reusable filter. The filter rack can double as a transition piece if the installer wishes to use a Buffalo Boot instead.
- Barometric damper (Chimney Vent Only)
- Listed for closet installations
- Durable 22-gauge steel cabinet ensures strength while full fiber-reinforced foil faced insulation and "cool-to-touch" technology provide quiet operation
- A/C Ready - Up to 4 Tons

STAINLESS STEEL  
TURBULATORS

## Stainless Steel, High-Efficiency Heat Exchanger

### Featured on LRF and LRFV models:

- 1.) Primary heat exchanger utilizes a high-grade 409 stainless steel drum to withstand extreme temperatures and corrosive conditions.
- 2.) Second pass is constructed of aluminized steel tubes with stainless steel turbulators, which can easily be removed as shown for easy cleaning.
- 3.) Large heat transfer surface results in maximum efficiency levels and reduced operating costs.

# Reliable, Efficient Airco Oil Furnaces

## The Lowboy Series

### Models (BCL/BFL)

*Our Largest Capacity Lowboy Models*

BTUH Input .....	105,000 to 231,000
Efficiencies .....	Up to 87.2% AFUE
Heat Exchanger .....	Welded Steel Dual-Pass
Flue Location .....	Front/Rear
Height: .....	41"
BCL 190 & BCL 190/225: .....	56"
Supply Opening: .....	20-1/2" x 18-5/8"
BCL 190/225: .....	24" x 22"
Return: .....	20-1/2" x 18-5/8"
BCL 190/225: .....	24" x 22"

### Models (BML/BMLV)

BTUH Input .....	70,000 to 105,000
Efficiencies .....	Up to 87.2% AFUE
Heat Exchanger .....	Welded Steel Dual-Pass
Flue Location .....	Rear
Height: .....	32"
Supply Opening: .....	20-1/2" x 19"
Return: .....	20-1/2" x 18-1/2"

#### Chimney Vent Burner Options

- Beckett AF
- Beckett NX
- Riello 40F3

#### Direct Vent Burner Options

- Beckett AFII-85
- Beckett AFII-150
- Riello 40BF3

#### Blower Motor Options

- ECM Variable Speed High Efficiency
- PSC Direct Drive
- Belt Drive with Adjustable Motor Pulley

#### Other Features of the Lowboy Series Include:

- Front access to heat exchanger. Easy to clean
- Includes 20" x 25" filter rack with washable, reusable filters
- Barometric damper (Chimney Vent Only)
- Durable 22-gauge steel cabinet ensures strength while full fiber-reinforced foil faced insulation and "cool-to-touch" technology provide quiet operation
- A/C Ready- Up to 5 Tons

FOR SPECIFICATION INFORMATION, SEE PAGES 12-15

## The Highboy Series

### Models (HTL/HML/HTLV/HMLV)

*Our Selection of Tall Up-Flow Highboy Models*

BTUH Input .....	70,000 to 140,000
Efficiencies .....	Up to 86.7% AFUE
Heat Exchanger .....	Welded Steel Dual-Pass
Flue Location .....	Front
Height	
HML: .....	49-5/8"
HTL: .....	58"
Supply Opening: .....	20-1/2" x 20"
Return: .....	14" x 22"

#### Chimney Vent Burner Options

- Beckett AF
- Beckett NX
- Riello 40F3

#### Direct Vent Burner Options

- Beckett AFII-185
- Riello 40BF3

#### Blower Motor Options

- ECM Variable Speed High Efficiency
- PSC Direct Drive

#### Other Features of the Highboy Series Include:

- Includes a 16" x 25" filter rack with washable, reusable filter
- Barometric damper (Chimney Vent Only)
- Durable 22-gauge steel cabinet ensures strength while full fiber-reinforced foil faced insulation and "cool-to-touch" technology provide quiet operation
- A/C Ready- Up to 3.5 Tons

FOR SPECIFICATION INFORMATION, SEE PAGES 16-17

## The Multi-Position Series, Downflow or Horizontal

MPL Model Shown
