

● ● ● GET TO KNOW YOUR EVAPORATIVE COOLER

PRODUCT BENEFITS

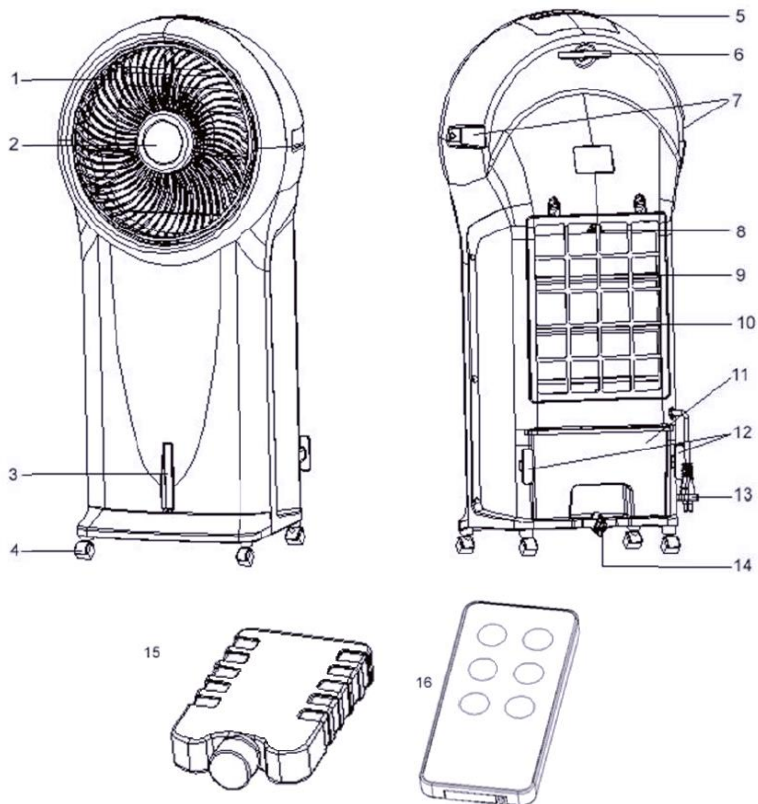

- Designed for cooling small to medium size bedrooms, living rooms, sunrooms, patios and offices
- Sleek, modern design makes it an attractive addition to your home
- High-efficiency, rigid cooling pad holds more water
- Removable water tank makes refilling and emptying easy
- Powerful motor results in more powerful airflow, faster evaporation and cooler air
- Consumes about as much electricity as your typical 100 watt light bulb
- Eco-friendly evaporative cooling system cools the air by the natural process of evaporating water with no Freon or harmful chemicals
- Adds moisture to dry environments and eliminates airborne dust particles
- Covers up to 250 square feet

PARTS LIST

Check to insure the following parts are included with your product:

- Evaporative cooler
- Ice Pack
- Remote control
- CR2032 3V battery
