

### HRV160 ECM

Part no. HRV160TE	
85 to 157 CFM*	40 to 125 CFM*
65 to 157 CFM*	40 to 80 CFM*
55 to 125 CFM* (Factory Set)	
* Maximum speed at 0.4 in. w.g.	

#### DISCOVER THE NEW GENERATION OF BROAN AIR EXCHANGERS: ULTRA-EFFICIENT AND ENVIRONMENTALLY-FRIENDLY

The HRV160 ECM has been designed to be one of the most eco-friendly HRV air exchangers on the market. Its innovative design incorporates extremely high performance ECM\* motors, which enable the HRV160 ECM to significantly lower energy costs without affecting its performance. Additional energy efficiency is achieved through its advanced heat recovery core, which can retain up to 80% of the home's heating. The HRV160 ECM surpasses energy-saving standards while providing effective heat recovery, ventilation and quiet operation. All aspects have been designed to facilitate balancing of air flow and simplify uses and installation.

- High performance ECM\* motors
- Faster and easier installation of insulated flexible ducts with
  practical straps
- Integrated balancing dampers
- Integrated electronic board on motors
- Homeshield<sup>™</sup> defrosting system
- Heat recovery core with superior capacity
- Optimized drainage system
- ENERGY STAR<sup>®</sup> qualified<sup>1</sup>

#### **REPAIRS AND MAINTENANCE**

The HRV160 ECM high output ECM\* motors are permanently lubricated. The electronic circuit board eliminates electromechanical parts, reducing repair time to a minimum.

#### **WARRANTY**

The HRV160 ECM unit is protected by a complete 5-year warranty on all parts, including the energy recovery core, with the original proof of purchase.

\*Electronically Commutated Motor.

Available at:

# HEAT RECOVERY VENTILATOR

#### Controls

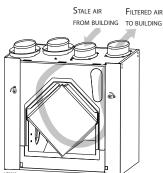

- This unit is very simple to operate. Once the unit is installed, press on its push button, located under the unit, to activate it. Press once for low speed, once again for high speed, and once more to stop it.
- For more convenience, this unit can also be controlled by an optional main control. For a complete list of optional main and auxiliary controls available, refer to the *Wall Control Compatibility Chart* on last pages of wall controls specification sheet, available at www.broan.com
- For more details about controls, refer to the *Main and auxiliary wall* controls user guide, also available at www.broan.com.

#### Option

Complete line of registers and diffusers

### Homeshield™ Defrosting System

The HRV160 ECM uses a unique defrosting method. No negative pressure is created by air exhausted to outdoors, as the air is recirculated into the house, helping to prevent any backdraft.

Outdoor Temperature °F	DEFROST CYCLE MIN./ OPERATING MIN.		
WARMER THAN 23	No defrost		
23 то 5	7/40		
5 то -17	7/25		
-17 AND LESS	10/22		

#### **Heat Recovery Core**

Dimensions: 10" x 10" x 14.25" Exchange surface: 110 ft.<sup>2</sup> Weight: 7.36 lb. Material: Polypropylene

Type: Cross Flow

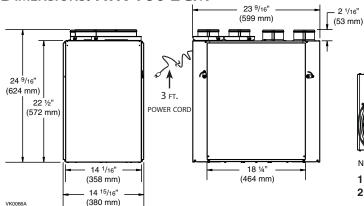

Warranty: Limited lifetime

#### **Requirements and standards**

- Complies with the UL 1812 requirements regulating the installation of Heat Recovery Ventilators
- · Complies with the CSA C22.2 no. 113 Standard applicable to ventilators
- Complies with CSA C444 requirements regulating the installation of Heat Recovery Ventilators
- Technical data was obtained from published results of tests relating to CSA C439 Standards
- HVI certified and ENERGY STAR<sup>®</sup> qualified<sup>1</sup>

<sup>1</sup>This product earned the ENERGY STAR® by meeting strict energy efficiency guidelines set by Natural Resources Canada and the EPA. It meets ENERGY STAR® requirements only when used in Canada.

## DIMENSIONS: HRV160 ECM

### 3 13/16' (97 mm) 3 7 7/16" (189 mm)

NOTE: ALL UNITS PORTS WERE CREATED TO BE CONNECTED TO DUCTS HAVING A MINIMUM OF 6" DIAMETER, BUT IF NEED BE, THEY CAN BE CONNECTED TO BIGGER SIZED DUCTS BY USING AN APPROPRIATE TRANSITION (E.G.: 6" DIAMETER TO 7" DIAMETER TRANSITION).

NOTE: Every port fits 6" round duct.

1: EXHAUST AIR TO OUTDOOR PORT 3: EXHAUST AIR FROM BUILDING PORT

2: FRESH AIR FROM OUTDOOR PORT 4: FRESH AIR TO BUILDING PORT
