

# MINI-SPLIT WIRE 300 VOLT SHIELDED

## APPLICATIONS

Suitable for use as follows:

- Mini-Split Wire is a class 3 power-limited circuit cable used with HVAC Mini-Split systems
- Also can be used in security and audio applications

## STANDARDS & REFERENCES

- 300 Voltage rating per NEC® Article 725
- Riser Rated
- UL listed as per UL 13
- Meets UL 1581 Vertical Tray Flame Test
- Type CL3R

## CONSTRUCTION

- Stranded copper conductors with 10 mils of PVC insulation
- The overall jacket is heat, moisture and sunlight resistant PVC
- Overall Aluminium mylar shield with 24 AWG tinned Copper drain wire

300 Volt

CL3R

PVC Jacket

Rip Cord

## WEIGHTS, MEASUREMENTS AND PACKAGING
