# American Pride™ Professional

Custom and volume order products for  
builders, architects, designers and renovators.

American Pride was established in 1984 at Greenville, South Carolina as a manufacturer of plastic body medicine cabinets. In 2000, the company was acquired by Zenith Home Corporation and shortly thereafter relocated to a larger facility in the Blue Ridge Mountains of North Carolina. Today, production and distribution take place in our modern manufacturing facility in New Castle, Delaware.

Over the last 3 decades, American Pride (AP Pro) has become a market leading manufacturer of commercial grade, semi-custom medicine cabinets and decorative framed mirrors catered to the professional that demands a step above. We also offer aluminum medicine cabinets, bath furniture, professional-grade shower rods, bath accessories, and laundry tubs.
