## ICE-GARD (AIG)

### Ice Machine Sanitizer

**ACE ICE-GARD (AIG)** is an EPA Registered quaternary ammonium compound that is formulated to sanitize ice machines, food processing equipment and other hard surfaces in food contact locations. **ACE ICE- GARD (AIG)** is formulated to sanitize and control slime build-up in ice machines, refrigerated storage, display equipment and other hard non-porous surfaces.

#### FEATURES & BENEFITS

- Keeps Ice Machines slime and odor free.
- Concentrated formula - economical in use.
- Registered for use with EPA.

**DIRECTIONS for USE:** Turn off refrigeration. Wash and rinse all surfaces thoroughly. Mix 2 oz of **ACE ICE-GARD (AIG)** in 8-gallons of water and apply to surface to be cleaned with a mechanical spray, direct pouring or by recirculating through the system. Surfaces must remain wet for at least 60 seconds, followed by draining and drying. Fresh solution should be prepared for each cleaning. No potable water rinse is required when product is used as directed.

**SAFETY:** If ingested, drink large quantities of water and seek IMMEDIATE medical help. For skin contact, wash with clean water for 15 minutes. If irritation persists, seek IMMEDIATE medical help. Eyes: Flush with clean water for 15 minutes. If irritation persists, seek IMMEDIATE medical help

**CAUTION:** Contains quaternary ammonium compounds. Corrosive. Do NOT get into eyes or on skin. Read MSDS for complete safety/handling information. **KEEP OUT OF REACH OF CHILDREN.** Contact local authorities for disposal guidance.

#### PHYSICAL PROPERTIES

APPEARANCE	.....	Clear Liquid
COLOR	.....	None
pH	.....	7.00-9.00
SPECIFIC GRAVITY	.....	0.99-1.01
PACKAGING	.....	12x16oz bottles/case 4x1-gallon bottles/case
