# A WORD FROM THE PRESIDENT

GREETINGS TO YOU ALL,

I COME FROM A WORLD WHERE HEALTH WAS ALWAYS A PRIORITY – EATING PROPERLY, EXERCISING, AND TAKING TIME FOR YOURSELF. IMPROVING PEOPLE’S HEALTH HAS BEEN AN INTEREST OF MINE FOR MANY YEARS. AND I’M CONVINCED WE AS HUMAN BEINGS CAN INFLUENCE OUR OWN QUALITY OF LIFE. I’VE ALWAYS BEEN CURIOUS AND PASSIONATE ABOUT LIFE, AND I’VE TRIED A NUMBER OF WAYS TO IMPROVE MY PHYSICAL CONDITION INCLUDING MASSAGE, ACUPUNCTURE, OSTEOPATHY, HEALTHY DIETS, AND EVEN PSYCHOLOGY. IT’S BECAUSE OF THESE EFFORTS AND THAT FASCINATION THAT TODAY, BAINULTRA® IS A PROMOTER OF RELAXATION, HEALTH, AND WELL-BEING.

Despite my natural desire to maintain balance in my life, I've been working hard to grow our company for more than thirty years, and, like many entrepreneurs, I've gotten caught up in the intoxication of accelerated growth. I've worked without counting my hours, racked up travel miles and changing schedules, eaten in restaurants, and juggled various demands that all seemed like priorities at the time, but I've neglected the most basic priority of all: myself. Who I am. The more I put into the project that is BainUltra®, the faster things seemed to go, and the lower my own energy levels fell. However strongly I've always believed in the importance of looking after yourself (myself), I've found it harder and harder to actually do so.

I don't think my story is unique—I think many of us share it. We live in a world that encourages us to recognize people for what they do—not for who they are. The pseudo-search for happiness drives us to accumulate possessions, to put so much into useless things, and drags us, often despite ourselves, into a whirlwind that, far from making us happy, drains our energy and threatens every aspect of our lives—our health, our personal and professional relationships, our finances, and our inner freedom. It's as if our lives lived us instead of us living them. Well I say “enough!” I've decided to make a choice.

I've decided to slow down and get in touch with my inner life. To commit to daily rituals that give me energy and improve my physical, mental, and emotional state and replenish my energy. I've decided to treat this as a personal discipline, as well as to invite my employees, partners, and customers to do the same, through BainUltra and its products. I hope to reintroduce, into as many lives as possible, the art of living, of taking time each and every day for relaxation, health, and well-being. I want us all to become the artificers of our own lives and develop a deeper and more authentic relationship with ourselves, our loved ones, and our environment every day. We don't pretend to be able to change the world, but if through the BainUltra project we can inspire even one person to take up the challenge of personal well-being, the universal consciousness will be raised and our world will become a better place, one tiny step at a time.

**Take care of yourself, and thank you.**

A handwritten signature in black ink, appearing to read 'Henry Brunelle', with a stylized, flowing script.

**Henry Brunelle**  
President

# THERAPY— HELPING YOU TAKE CARE OF YOURSELF —IS AT THE CORE OF EVERYTHING WE DO

With the pace of life constantly accelerating, BainUltra® has a suggestion: slow down, and make a conscious effort to live more harmoniously. We want to improve your physical, emotional, mental, and energy fulfillment with experiences that foster relaxation, health, and well-being. By identifying your basic needs, you effectively become the architect of your Insperience Bathroom®, making it a room that reflects who you are and where you are in life. It will also evolve along with you, as your needs change and transform themselves.

## THERAPEUTIC BATH THERAPIES

Water surrounds you, and air massages your body. Color stimulates or soothes your mind, while the aromas emanating from the water, when inhaled, have a calming effect.

## CARE UNIT THERAPIES

You will find yourself at the epicenter of a sensory experience. Sound transports you on melodic waves, as you inhale a finely diffused mist of essential oils while the care unit's warmth, light, and colors intensify your experience.

## COMPLEMENTARY PRODUCT THERAPIES

BainUltra accessories help maximize your relaxation, health, and well-being. They include furniture items that can help prolong soothing moments and ensure a transition from one treatment to another. There are also essential oils, which deepen relaxation when added to bath water or a care unit.

# OUR SUSTAINABLE DEVELOPMENT POLICY

## LIVE SUSTAINABLY

BainUltra® has been a visionary creative and innovative presence for over 30 years. Our invention of the air jet bath took hydrotherapy to a whole new level, and that was just the start. We've led the field ever since, committed to researching ambitious ideas and producing the best designs for innovative, top-performing products that help ensure user well-being, wherever health rituals are carried out. And because we believe that innovation is part and parcel of green development, we now include the life-cycle approach and ecodesign in BainUltra's sustainable development policy.

## TAKE TIME TO CLEAR THE MIND AND BECOME AWARE

At BainUltra, we believe that inner wellness is achieved through daily, life-long attention to harmony with the world around us. We realize that everything we do affects our environment, and that all our actions resonate through us to touch our loved ones, our living spaces, and our planet. We must first maintain balance within ourselves if we want to live in harmony with our surroundings.

BainUltra recognizes that wellness is at the core of every harmonious relationship, whether it involves our connection with family, friends, or the environment.

## BE AWARE OF LIFE FOR THE GREATER GOOD

Ecological awareness begins with respect for the life within us but then radiates outward, influencing others as well as future generations, so as to protect our precious Earth. Simple, individual gestures can have far-reaching consequences, much like when a honeybee gathering nectar performs the vital, life-sustaining work of pollination. We are especially proud to offer products that make a contribution to individual and collective well-being. BainUltra trusts that, through our focus on the everyday wellness of individuals, we are also taking steps to promote a sustainable environment for all.

## **1. WELL-BEING AND QUALITY OF LIFE**

Provide a healthy, safe, and productive workplace that promotes personal well-being, social development, and environmental quality.

## **2. SHARING AND AWARENESS-RAISING**

Inform and raise awareness among our employees, partners, suppliers, and other stakeholders about sustainable development issues.

## **3. SUPPORT AND GUIDANCE**

Encourage and support the commitment of our staff and partners in sustainable development projects and promote community development through social activities.

## **4. NEIGHBORLINESS**

Operate and maintain our facilities in a way that preserves the environment, personal health, and the integrity of the neighborhood by minimizing sources of visual, noise, olfactory, and light pollution.

## **5. PRECAUTION**

In the absence of absolute certainty, precautionary measures must be taken when there is sufficient reason to believe an activity or product may seriously or irreversibly harm health or the environment. This precautionary principle must provide the right balance between anticipation and prudence on one hand, and development and innovation on the other.

## **6. LIFE CYCLE APPROACH**

The design, development, and rollout of our products and services must be in accordance with our sustainable development policy in order to reduce our environmental and social impact, based on life cycle assessment.

## **7. SUPPLY AND RESPONSIBLE CONSUMPTION**

Promote the purchase of goods, products, and services that are designed and shipped in an eco-friendly, socially responsible manner. Our processes must be designed and improved such that they limit waste and resource depletion and generally reduce their negative impact on society and the environment to a minimum, based on life cycle assessment.

## **8. ENERGY EFFICIENCY**

Improve energy efficiency, promote energy savings, and opt for energy sources that reduce greenhouse gas emissions and other pollutants.

## **9. WASTE LIMITATION (AIR, WATER, SOIL)**

Promote source reduction, reuse, recycling, and waste conversion to minimize waste. Ensure good air quality inside our facilities and reduce sources of indoor and outdoor water and air contamination that may have a negative impact on human health and ecosystems.

## **10. COMPLIANCE, PREVENTION, AND ENVIRONMENTAL PROTECTION**

Have an environmental management system focused on compliance with laws and regulations, prevention, and ongoing reduction of negative environmental impact. Continually improve management processes and the use of hazardous materials to control or eliminate risks to health and the environment.

## **11. PROSPERITY AND SUSTAINABILITY**

Based on a long term vision, our decisions and actions must accommodate economic, environmental, and social issues with an eye to viable responsible development that fosters the prosperity and sustainability of BainUltra®.

## **12. MEASURES AND PROGRESS**

Acquire financial, environmental, and social indicators and set targets to reduce the impact of our products, services, and operations on the environment and communities.

# THE ALIGNMENT OF BAINULTRA'S OFFER

## THE BAINULTRA® EXPERIENCE

At BainUltra, we know how important it is to choose the right products for your bathroom. That's why we've developed a system to guide you every step of the way, giving you the tools you need to transform your bathroom into a relaxing space that truly reflects who you are. Each product is presented using our unique **Therapy-Design-Architecture** triangle, which makes it easy to compare benefits and features so you can select the perfect solution for your specific needs.

## THERAPY, DESIGN & ARCHITECTURE

At BainUltra, we combine the technological innovations of modern science with the timeless wisdom of ancient healing traditions to provide you with a complete experience that's second to none. All BainUltra products are created in keeping with our triangular design concept, representing **therapy, design, and architecture**. These interconnected points guide our vision and ensure your well-being comes first.

### THERAPY

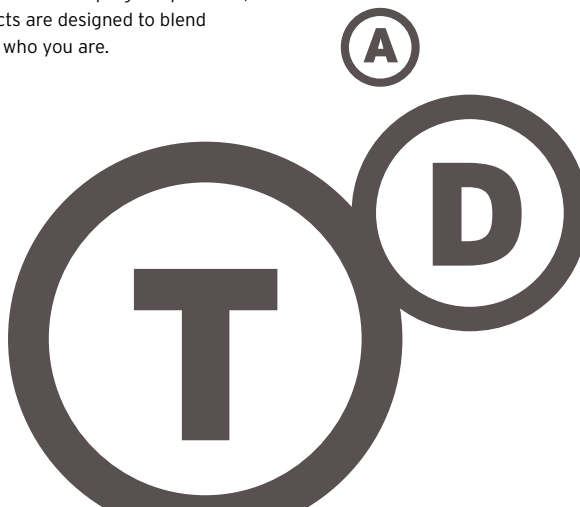

Your physical, mental, emotional, and energetic needs are our inspiration. We help you strike the perfect balance with combined therapies that soothe the mind and nourish body and soul. Achieve a deeper level of serenity and well-being through therapies that target all of your senses, either individually or together, for a fully immersive whole-body experience.

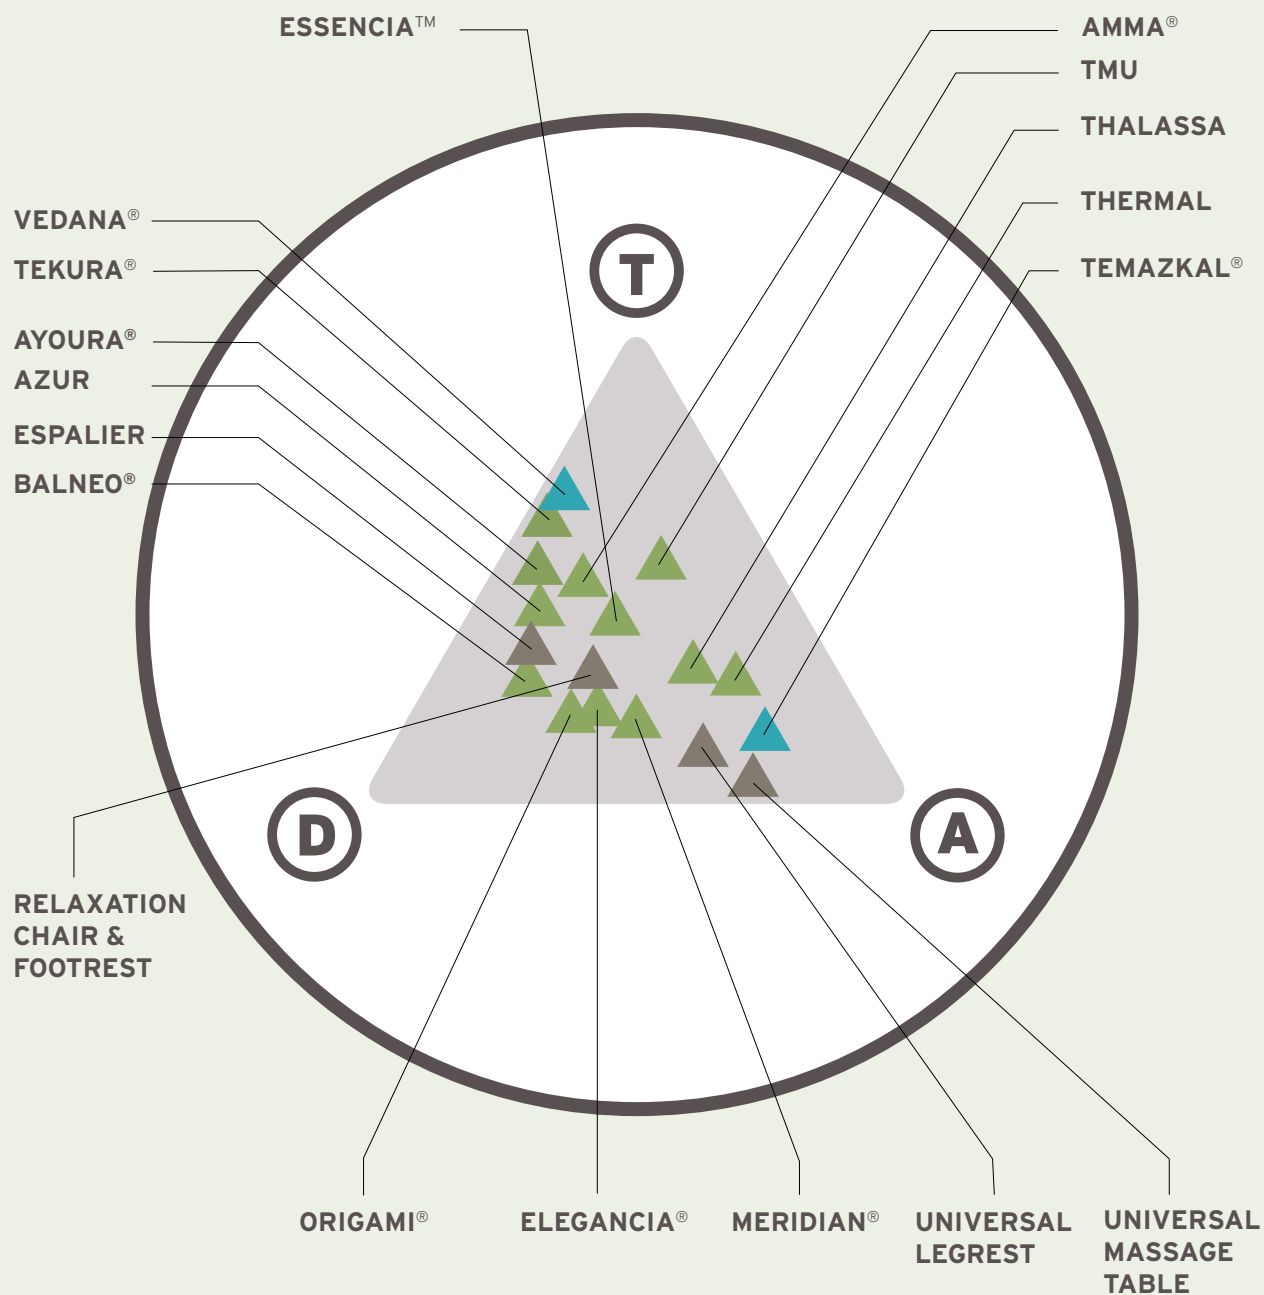

### DESIGN

Feeling good about yourself means feeling good about your choices. That's why design is central to our vision of health and well-being. Your environment can have a profound effect on the way you experience the outside world. So the right shapes, materials, and features are essential to a quality experience. Through the artful blend of form and function, each of our models provides a haven of peace where you can leave your daily cares behind.

### ARCHITECTURE

The right architecture is the backbone of a well-balanced living space. In developing our products, we never lose sight of architectural considerations. BainUltra products are designed to blend harmoniously with your décor and create a space that truly reflects who you are.

# DISCOVER THE 5 ADVANTAGES OF THERMOMASSEUR® BATHS

## AN EXCEPTIONAL MASSAGE

A massage adapted to who you are to help you relax, soothe your aching muscles or re-energize you if you're feeling worn out. In the BainUltra® ThermoMasseur, you will be completely surrounded by air jets. The angle, size and orientation of the jets have been designed to create an effective full-body massage.

The original air jet system. Often copied, never equalled. Between 34 and 70 jets propel air into the water. Pressure is equally distributed throughout the bath, creating an all-encompassing sensation.

### **(A) Heated backrest/headrest**

Only BainUltra provides an adjustable heating system that aids relaxation of your neck and back to provide greater comfort.

### **(B) Inverted V backrest**

Yet another BainUltra innovation, the inverted V backrest ensures a perfect massage for your neck and spine. Featured on all baths in the Ayoura®, Amma® and TMU series, the inverted V shape reduces accumulated stress and helps you attain a higher state of relaxation.

### **(C) Raised seat**

A BainUltra innovation that intensifies the massage on the back of your legs while providing absolute comfort. Featured on all baths in the Ayoura, Amma and TMU series.

## BUILT-IN THERAPIES TO ENHANCE YOUR OVERALL WELLNESS

Hydro-thermo massage®, chromatherapy, aromatherapy and sound therapy® all contribute to making your ThermoMasseur experience one you will want to renew as often as possible. You can also add any product you desire to the water, control the duration and intensity of the massage, and adjust the temperature of the backrest and headrest.

### Add any product to your bath:

Sea salts

Algae

Invigorating mud

Essential oils (if concentrated essential oils, dilute first with an emulsifier)

## PEACE OF MIND AND PERSONAL HEALTH

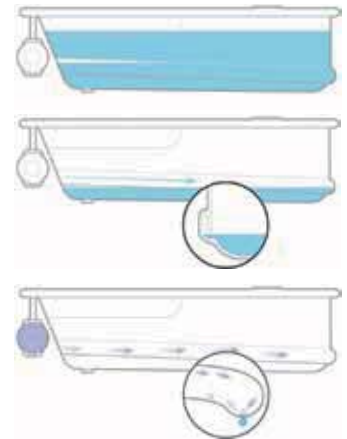

Maintaining your ThermoMasseur unit is totally hassle-free, as the air channels to your bath are automatically drained and dried after each use. The BainUltra air injection system ensures full drainage and completely dry air channels. The slope of the air channel and strategic location of the air jets ensure optimal drainage. Any surplus water is pushed out of the velocity pockets by air pressure during the drying cycle, which automatically activates 10 minutes after a session. A powerful 90-second burst of air dries out the air channel completely.

### Clean and simple:

No standing water

Nothing left over from the previous bath

Complete peace of mind

## SAFETY BY DESIGN

From the grab bars on the bathtub, to the system being able to work safely without water, and our 20-year warranty on the shell and turbine, we have left nothing to chance to ensure your total peace of mind.

No suction, no minimum water level. The BainUltra ThermoMasseur is the safest system available. Adults and children alike can use it without worry. The system can function without water for hours. There is never any risk to the turbine.

### Total peace of mind:

Safe to use for the whole family

Low-voltage electronic control

## A FULFILLING EXPERIENCE

From the moment of purchase in the showroom to our after sales support and service, our team will stop at nothing to make sure your ThermoMasseur unit is always a source of happiness and wellness.

### Get some quiet time:

The turbine is quiet, so all you'll hear is the relaxing sound of water action. And we've eliminated unpleasant vibrations by literally suspending the turbine. What's more, it can be installed up to 15 feet away from the bath - even on the floor below!

### The simplest system imaginable:

Fast and easy installation

No leaky pipes or valves

The **Universal massage table** can be used before or after a Hydro-thermo massage® session. It can also be used as an exercise mat together with the espalier for light exercise, or for meditation.

The **Relaxation chair & footrest** promote relaxation after hydro-thermo massage sessions. They position the body perfectly to receive care in the Vedana®.

The **Espalier** is perfect for stretching before a Hydro-thermo massage session or before a morning Light Therapy® treatment in the shower.

# ESSENCIA™

## THERAPY / DESIGN / ARCHITECTURE

Essencia—from “essence”—subtly evokes the profound aspects of our inner being. Our fast-paced lives are constantly evolving. We want it all, and we want it today, even if we sometimes have to pay the price. Essencia inspires us to set aside the trivial and the contrived, to get in touch with our true self deep inside. Renewing contact with our inner essence lets us be the best we can be and live in harmony with those around us.

- T** • Designed to promote relaxation, health, and well-being  
• Therapies inspire calm and soothing emotions
- D** • Inspired shape recalls life's origins, with pure exterior lines and comfort within  
• Inner shell design provides the ideal space in which to benefit from rituals and Hydro-thermo massage  
• Lustrous, easy-care surface maintains the pure, simple, and clean look
- A** • Enveloping design offers increased comfort for 1 bather  
• Slender, ovoid-shaped exterior conveys an airy, floating appearance  
• Streamlined shape perfectly harmonious with compact spaces

BainUltra's strong sustainable development policy ensures that all its products are developed in strict compliance with environmental protection laws and regulations. Essencia incorporates ecodesign principles and reduces our ecological footprint by requiring 15% less material and 10% less water than comparable same-size tubs. What's more, the Essencia tub is every bit as comfortable for the user, in keeping with BainUltra's outstanding reputation. BainUltra® utilizes a continuous improvement process and makes corporate contributions to numerous initiatives involving women's and children's health.

**1** Two rows of air jets intensify the massage effect, while the footrest provides exceptional comfort and allows total immersion.

**2** Inverted V backrest and integrated headrest keep the head and neck supported for maximum massage.

**3** Raised seat optimizes the massage effect for the legs while inclined armrests provide total comfort.

# AYOURA®

## THERAPY / DESIGN / ARCHITECTURE

Ayoura comes from the Sanskrit word *Ayurveda*, meaning "knowledge of life." Life is undoubtedly the most fascinating cosmic experiment there is. More telling than any knowledge found in books, the experiences we accumulate every day of our lives give us insight on the multifaceted nature of our minds and our consciousness of ourselves, others, and the world around us. To understand the science of life and make sense of it all, it is important to take a moment every day to reflect in a place of quiet introspection.

- T** • Specially designed to promote relaxation, health, and well-being
  - Innovative design gives you a range of different bathing positions
  - Supports the body to ease pain
- D** • Organic design provides you with a personal oasis of wellness
  - Appealing design stimulates the senses
- A** • Nonstandard format for increased comfort
  - Compatible with a range of optional accessories

With its solid sustainable development policy, BainUltra® can ensure that everything is manufactured in strict compliance with industry regulations and rules governing environmental friendliness. At BainUltra, we seek to minimize our ecological footprint and make every effort to progressively integrate eco-design principles in production and take into account product life cycles. Continuous improvement is an important consideration for us, and we contribute to a number of organizations involved in women's and children's health.

# AMMA<sup>®</sup>

## THERAPY / DESIGN / ARCHITECTURE

Amma comes from the Chinese word for "massage," as represented by the two characters *AN* and *MO*, which mean "to soothe through touch." They say that one of the first senses we develop in the womb is touch as we experience the awakening of life and the stimulation of pure contact. In the search for a higher state of well-being, embrace what each moment has to offer and open yourself up to being touched both physically and emotionally. This collection invites you to reach out to life's experiences and choose the path of serenity above all.

- T** • Designed specifically to foster relaxation, health, and well-being
  - Equipped with features that let you focus specifically on certain parts of the body
  - Innovative bath that optimizes the benefits of the ThermoMasseur<sup>®</sup>
- D** • Warm and relaxing lines
  - Freestanding model designed for easy installation and upkeep
- A** • Available in a number of industry standard dimensions
  - Compatible with a number of optional accessories

New design methods recycle hot air generated by the turbine to heat the backrest.

**1 The inverted V backrest** allows your neck and spine to be massaged perfectly.

**2 Integrated armrests**, available with most models, are sculpted to optimize comfort.

**3 The molded, heated headrest** softly cradles and soothes your neck.

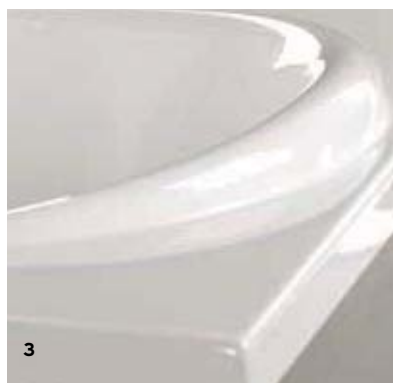

**4 The raised seat** optimizes leg massage.

Magnetic panels and corners that can be assembled in minutes.

ADD YOUR OWN  
INSPIRATION!  
WITH THE  
MORPHOSYS  
SYSTEM

## THERAPY / DESIGN / ARCHITECTURE

The Morphosys concept is based on our product life cycle analysis approach. The possibilities for transforming your bath both from a design and architectural standpoint are infinite. Over the course of our lives, our needs change, and so do our tastes. With Morphosys, you can prolong the life of your bath and enjoy it for many years to come. Here are the specific features of the various models in the BainUltra® Tekura® - Morphosys collection:

- T** • Created with relaxation, health, and well-being in mind
  - Body-hugging contours maximize the therapeutic effects of the Hydro-thermo massage®
  - Inspired by our life cycle analysis approach
- D** • Designed to evolve with you and meet your changing needs
  - Flexible design allows you to bathe in a variety of positions for maximum wellness
  - Attractive look stimulates the senses
- A** • Attractive product
  - Versatile installation options make it the perfect fit for virtually any location
  - Innovative installation
  - Simple panel installation for peace of mind

## WITH MORPHOSYS AND YOUR OWN INSPIRATION...

Simply changing your bath panels will make you fall in love with your bathroom all over again. You can customize your Morphosys using BainUltra's standard or optional colors. A wide selection of textures, colors, or designs from other sources allows you to change the panels as often as you want to make your own statement. Find your inspiration, and BainUltra will provide all the information you need to transform your bathroom!

WHITE is just one of a selection of standard colors  
(Available from BainUltra)

ALL WOOD  
(Available from BainUltra)

ALL STAINLESS  
(Available from BainUltra)

Discover a wide selection of panels to change the look of your bath. Here are a few suggested manufacturers, but there are many more. Talk to your designer:

See our Complementary Products section on Page 84.

© UNIVERSAL LEGREST

© RELAXATION CHAIR & FOOTREST

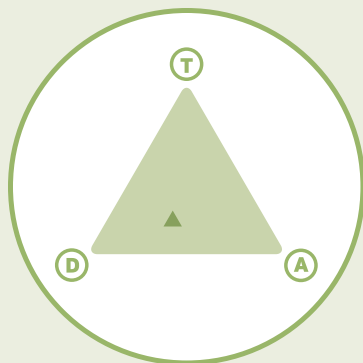

© ESPALIER

The **Universal legrest** enhances the bather's comfort by providing natural, effortless support. It positions the body better in the bath to help relieve legs.

The **Relaxation chair & footrest** promote relaxation after Hydro-thermo massage® sessions. They position the body perfectly to receive care in the Vedana®.

The **Espalier** is perfect for stretching before a Hydro-thermo massage session or before a morning Light Therapy® treatment in the shower.

# ELEGANCIA®

## THERAPY / DESIGN / ARCHITECTURE

Some say that elegance is superficial. For us it's anything but. In design, the elegance of certain products transcends time because beauty is an ode to life. Through its timeless shapes, this line takes us back to the Victorian era, awakening memories of the past within us all. It's a nod to history that reminds us how far we've come.

- T** • Soothes the soul by creating a space for total serenity  
• Cone-shaped backrest adjusted to the natural contours of your body
- D** • A distinguished style that stimulates the senses  
• Contours can be tailored to your specific tastes  
• Inspiration, relaxation, health, and well-being
- A** • Extensive collection for a variety of installation options

Following a review of our ThermoMasseur® design methods, our new turbine now uses 15% less energy (CO<sub>2</sub>).

The **Espalier** is perfect for stretching before a Hydro-thermo massage session or before a morning Light Therapy® treatment in the shower.

# ORIGAMI®

## THERAPY / DESIGN / ARCHITECTURE

The Asian art of folding paper into a plethora of symbolic shapes might not be the first thing that springs to mind when you think of therapeutic baths. But just like origami, this line of products stands out for its unique design and exceptional versatility. Just as the blank page represents boundless possibilities for creativity and expression, the versatility of our Origami line provides you with numerous options to create therapeutic and aesthetic experiences that will open your eyes to life's infinite possibilities.

- T** • A space where you can disconnect from the outside world  
• Promotes positive thinking
- D** • Tub height ensures easy access to the bath  
• Simple, smooth, Zen lines
- A** • Variety of installation options available

We use a low-VOC resin for better air quality.

We have reduced tub dimensions so you save 2 to 3 gallons of water per bath.

## ARCHITECTURE

The exterior shape of the freestanding Origami provides height and a very stable base. Placed in the center of the room, it makes an enticing design statement.

# BALNEO®

## THERAPY / DESIGN / ARCHITECTURE

The name "Balneo" describes the art of bathing, embodying the rituals that help ease the tumult of modern living. With its refined design, this collection invites you to unwind in your own special space as time stands still and your cares drift away. Escape into wellness and the full awareness of the moment.

- T** • Cradles your body, creating an oasis of personal tranquility  
• Elicits a sense of fulfillment in a moment of solitary wellness
- D** • Design that reflects your own personality  
• Designed to be installed like a piece of furniture  
• Shapes that inspire relaxation, health, and well-being
- A** • Blends perfectly with your bathroom environment

With its solid sustainable development policy, BainUltra® can ensure that everything is manufactured in strict compliance with industry regulations and rules governing environmental friendliness. At BainUltra, we seek to minimize our ecological footprint and make every effort to progressively integrate eco-design principles in production and take into account product life cycles. Continuous improvement is an important consideration for us, and we contribute to a number of organizations involved in women's and children's health.

# MERIDIAN®

## THERAPY / DESIGN / ARCHITECTURE

Midlife and the core of being mingle here in a reflection on what makes energy ebb and flow within us. The meridians of the body are the paths our energy follows. The meridian of our lives is often a time of profound questioning when we reexamine what gives or takes away our energy so we can make more mindful decisions for ourselves. The Meridian line helps awaken the consciousness to what really benefits you and reminds you of the power you have over your life and the energy inside of you.

- T** • Naturally supports your body
  - Deep tub and ThermoMasseur® jets provide total body care
- D** • Designed to meet all classic bathing needs
  - Well-engineered design adapts easily to a variety of rooms
- A** • Extensive collection complements a wide range of décor styles

The redesigned turbine uses 30% fewer raw materials.

# TMU

## THERAPY / DESIGN / ARCHITECTURE

TMU is an abbreviation for "ThermoMasseur® unit," which refers to hydrothermal therapy that combines water and heat in a soothing massage. Water and heat are the first two sensations we feel as babies in the womb. This line blends the most primal emotional properties of comfort and safety with the physical benefits of massage. After a revitalizing session in the warm embrace of your TMU, you'll feel as energized as the day you were born.

- T** • Equipped with features that let you focus specifically on certain parts of the body
  - Specially designed to promote relaxation, health, and well-being
- D** • The inspiration of the ThermoMasseur in its purest form
- A** • Available in a number of industry standard dimensions
  - Seamless lines, the essence of beauty

With its solid sustainable development policy, BainUltra® can ensure that everything is manufactured in strict compliance with industry regulations and rules governing environmental friendliness. At BainUltra, we seek to minimize our ecological footprint and make every effort to progressively integrate eco-design principles in production and take into account product life cycles. Continuous improvement is an important consideration for us, and we contribute to a number of organizations involved in women's and children's health.

### TMU 5454

Backrests at different angles provide two positions for your mutual relaxation.

#### ULTIMATE COMFORT FOR TWO BATHERS

Some experiences are meant to be shared. TMU offers a variety of models for two bathers, including the TMU 2702, our most spacious two-person bath, and the TMU 5454, or the TMU 6060 if you need backrests at different angles.

The **Espalier** is perfect for stretching before a Hydro-thermo massage session or before a morning Light Therapy® treatment in the shower.

# THERMAL

## THERAPY / DESIGN / ARCHITECTURE

The "Thermal" name refers to the spas built near hot mineral springs. This line evokes our animal origins by stressing the important role minerals play in the composition of our bodies. It implicitly suggests how adding minerals can enhance the benefits of bathing in hot water and awaken us to our vital sources of energy.

- T** • Functional components soothe the body to soak away the physical stresses of your day
- D** • Design inspires total relaxation
- A** • Comes in a wide variety of sizes

A low energy consumption light-emitting diode is one of the product improvements we have made under the aegis of our sustainable development goals.

The **Espalier** is perfect for stretching before a Hydro-thermo massage session or before a morning Light Therapy® treatment in the shower.

# THALASSA

## THERAPY / DESIGN / ARCHITECTURE

In Greek, *Thalassa* means the sea. No matter what the language, the sea is a powerful symbol. Like us, the sea is a study in contrasting emotions. It has the power to cradle and confront us. It dances in light and disappears into the depths of shadow. It can surge suddenly in a turbulent vortex or entrance us with its glassy, reflective calm. This collection invites you to explore your deepest feelings and offers therapies as comforting as the first rays of sunshine after a storm.

- T** • Bath dimensions enhance positive effects of the ThermoMasseur® experience
- D** • Positions your body for optimal relaxation, health, and well-being
- A** • Special dimensions designed to overcome certain architectural constraints

Our thermomassage controls now have RoHS-certified components.

Thalassa 50 is available with an integrated tile flange, making it a perfect choice for a shower/bath combination.

The **Espalier** is perfect for stretching before a Hydro-thermo massage session or before a morning Light Therapy® treatment in the shower.

# VEDANA®

## THERAPY / DESIGN / ARCHITECTURE

*Vedana* is a Sanskrit and Pali word meaning “sensation” or “feeling.” In Buddhist culture, it refers to the state where we become conscious of our connection with the universe and of the communion of the physical and mental being. This line features a combination of secular therapies designed to recreate this state of harmony where the body, mind, and soul become one, producing pure energy. The Vedana is a therapeutic care unit that provides you with a unique centering experience tailored to your needs of the moment.

- T** • Unit specially designed to meet your physical, mental, emotional, and energy needs
  - Offers therapies to totally transform your state of mind
  - Preprogrammed spa experiences open your mind and give you a fresh start
  - Allows you to tune out the world and restore balance
- D** • Multiple functionalities
  - Stimulates all your senses
- A** • Innovative concept that adapts to a variety of spaces
  - Care unit lets you mix and match a range of other components for complete care

With its solid sustainable development policy, BainUltra® can ensure that everything is manufactured in strict compliance with industry regulations and rules governing environmental friendliness. At BainUltra, we seek to minimize our ecological footprint and make every effort to progressively integrate eco-design principles in production and take into account product life cycles. Continuous improvement is an important consideration for us, and we contribute to a number of organizations involved in women's and children's health.

## ◀ A TOTAL EXPERIENCE

Vedana uses advanced technologies to integrate five proven therapies: Aromatherapy, Light Therapy®, Sound Therapy®, Chromatherapy, and ThermoTherapy®. Take advantage of Vedana's pre-programmed sessions, or create your own. Vedana lets you achieve the harmony and balance you seek.

## FOUR EXPERIENCES FOR ▶ YOUR VEDANA® CARE UNIT

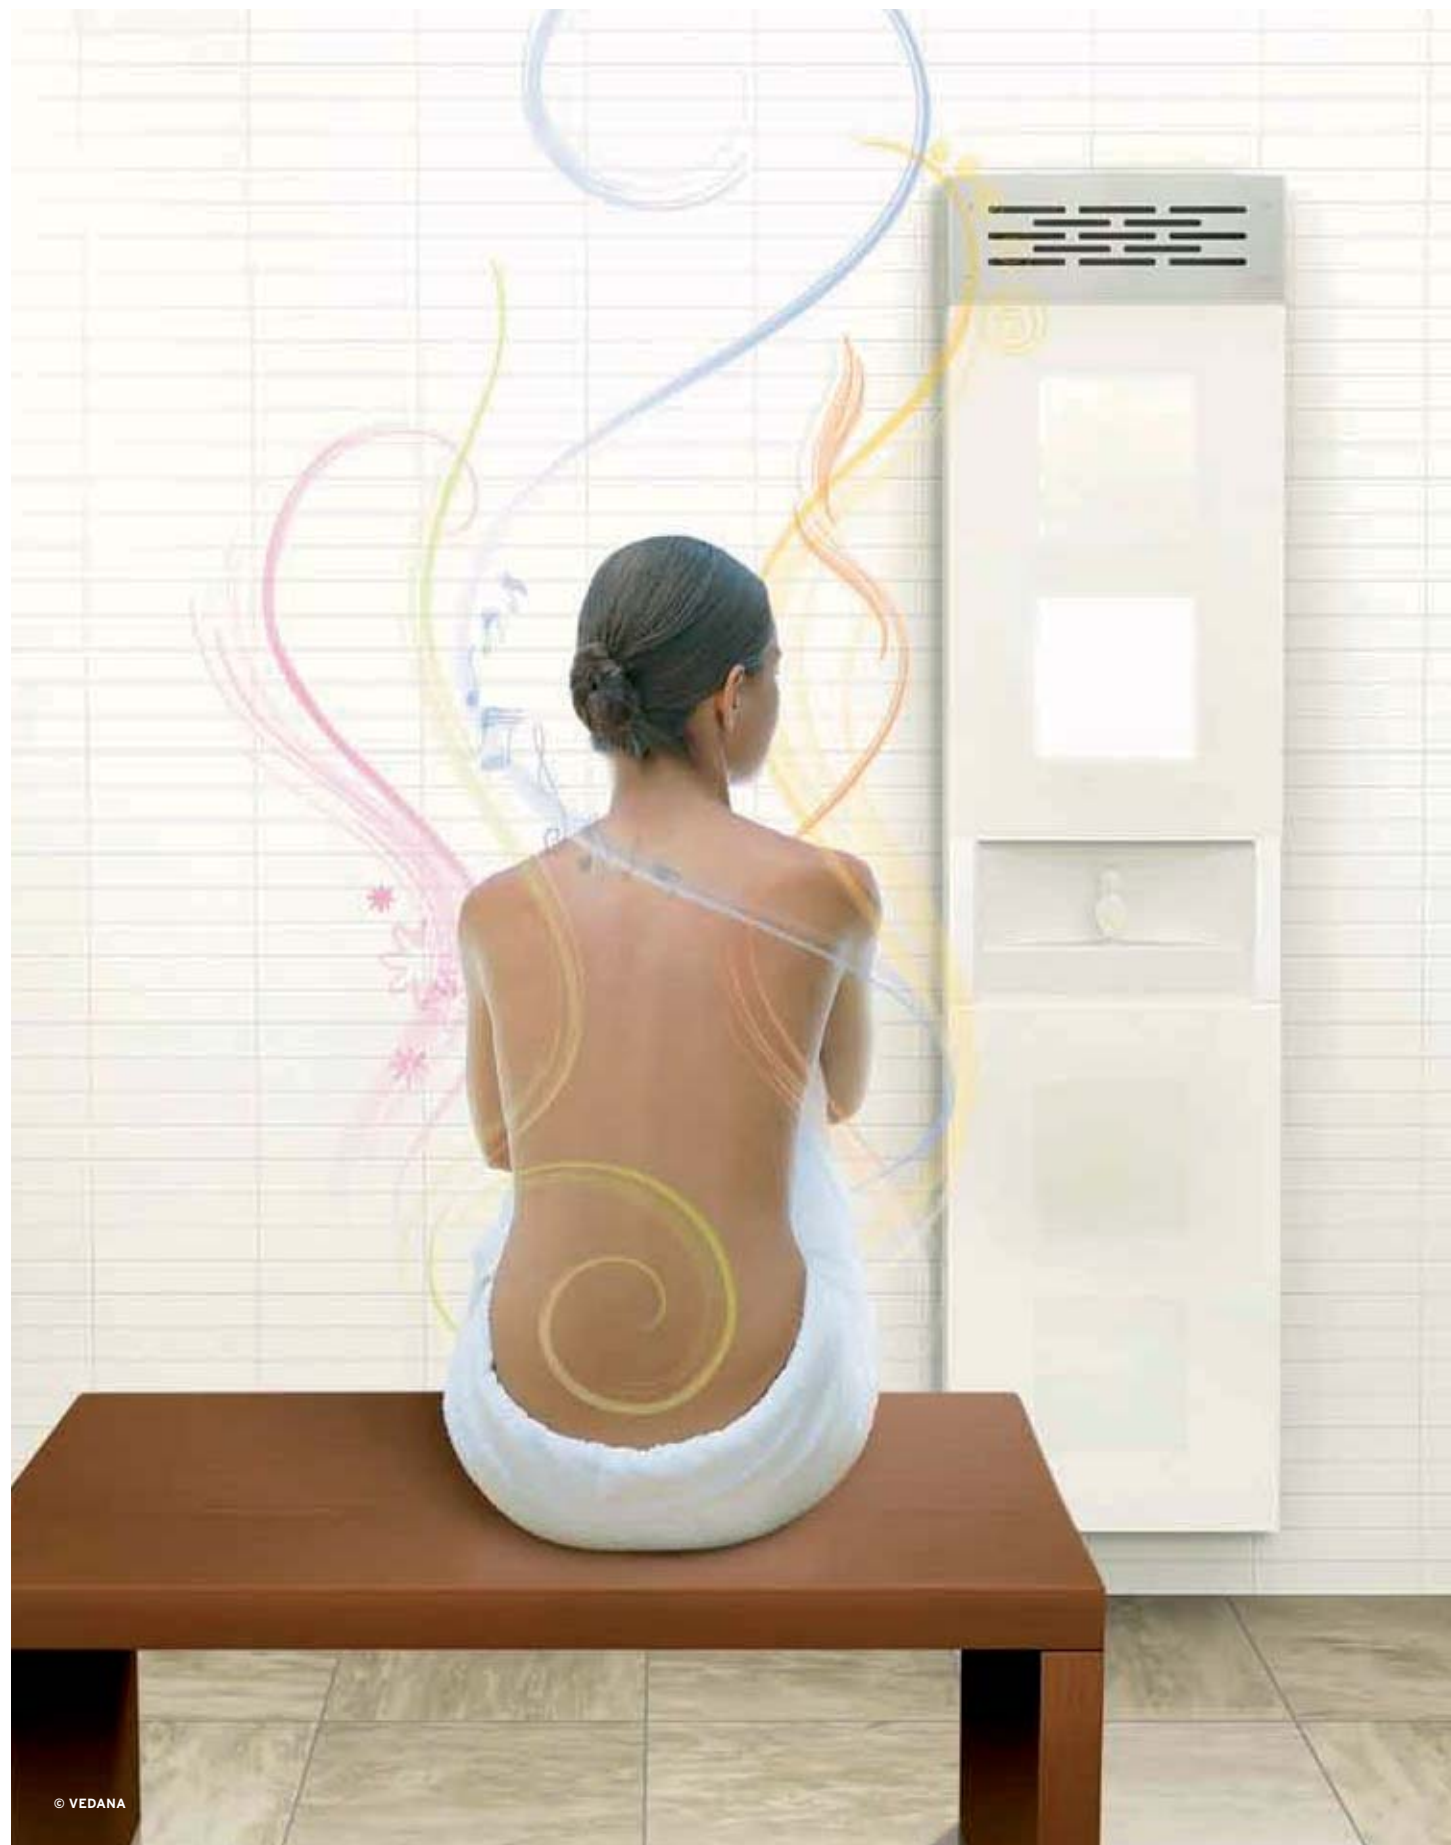

Imagine being enveloped in a sensory experience that harmoniously blends 5 therapies, like a symphony. The sounds carry you away on a wave of melody. You breathe in the tiny droplets of essential oils, savoring the aromas while warmth, light, and color make your experience even more transformative.

1. FREEDOM
2. HARMONY
3. WONDER
4. LOVE

**VEDANA®**

## REAL DAILY BENEFITS >

Vedana® combines the best spa technologies and therapeutic techniques. That means luxury care equal to the world's best wellness establishments, at only a fraction of the cost. With Vedana, that special care you deserve is yours to be savored every day.

### LIGHT THERAPY®

With its precision Litebook® technology, Vedana is the cutting edge in terms of light intensity, wavelength and range.

### AROMATHERAPY

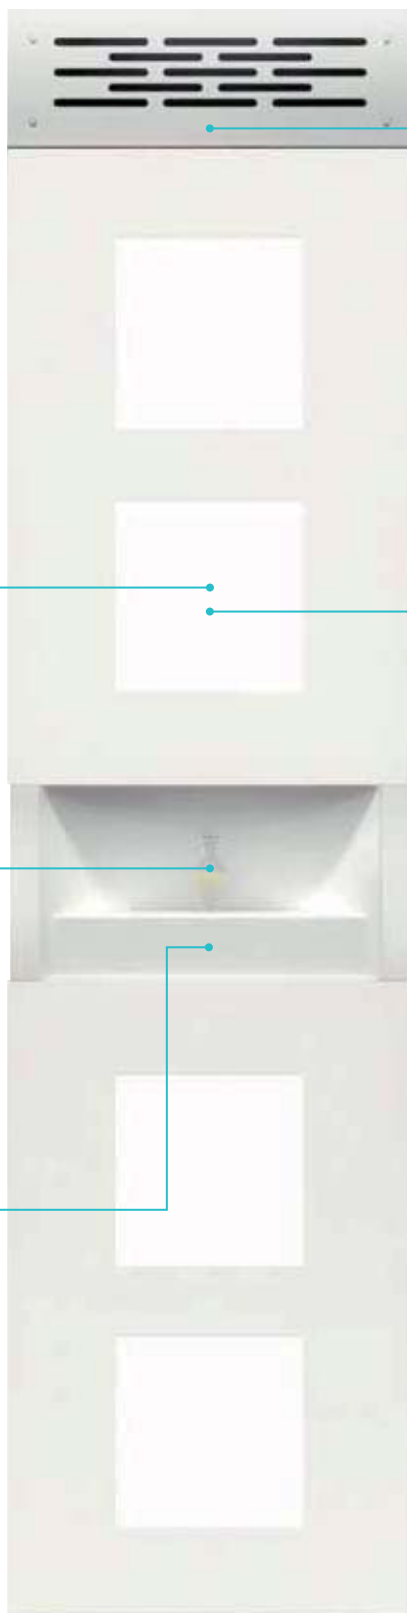

The aromatherapy system operates with an essential-oil nebulizing diffuser, the most authentic and effective method available.

### SOUND THERAPY®

The Vedana sound system totally surrounds you, covering up any other audible frequencies, and offers an exquisite sound experience.

To learn more about the benefits of Vedana and its integrated therapies, visit [bainultra.com/vedana](http://bainultra.com/vedana)

VEDANA

21 x 80 x 9 1/2

### THERMOTHERAPY®

The system can reach and maintain 80°C (175°F), the temperature recommended for authentic dry-heat ThermoTherapy.

### CHROMATHERAPY

Vedana diffuses colors in precise wavelengths that maximize the benefits of your therapeutic care, in accordance with your needs at a given moment.

© BainUltra

### COMPLETE THERAPY

The Vedana discovery box includes a Welcome Booklet, a User Guide, a Guide to Your Wellness, and a Nebulizing Diffuser for aromatherapy and essential oils.

Two 30-minute preset sessions are available. *Vivere* brings you to a place of replenishment where you experience a profound encounter with yourself, while *Echo* helps you let go and lose yourself in contemplation.

# TEMAZKAL®

## THERAPY / DESIGN / ARCHITECTURE

Temazkal is a revolutionary concept for your active lifestyle. It combines the effects of ThermoTherapy®, Light Therapy®, and Aromatherapy according to your needs and state of mind. The Temazkal uses convection to ensure uniform circulation of dry, heated air. Enveloping dry heat raises your body temperature and naturally stimulates the beneficial process of perspiration.

- T** • Therapy unit that promotes physical relaxation
  - Unit allows you to get away from it all and completely disconnect
- D** • Innovative design allows you to combine certain therapies
  - Can even help boost your self-esteem
- A** • Two types of installation: custom and standard

Thanks to a solid sustainable development policy, BainUltra® can ensure that everything offered is manufactured in strict compliance with regulations and rules governing environmental friendliness in the industry. At BainUltra, we seek to minimize our ecological footprint and make every effort to progressively integrate eco-design principles in production and take into account product lifecycles. Continuous improvement is an important consideration for us and we contribute socially to several organizations involved in women's and children's health.

## WOOD SEAT AND FLOOR

- Resistant to humidity and mold
- Removable seat and floor
- Easy maintenance

## A SHOWER TOO! >

The Temazkal is also a conventional shower that can be used with or without therapy.

# TEMAZKAL®

**TEMAZKAL**   
42 x 42 x 95 to 96 (adjustable)

## THERMOTHERAPY® (DRY HEAT) SYSTEM

- Convection circulated air
- Heat is uniform and constant throughout
- Temperature adjustable from 68° to 149°F (20° to 65°C)

## LIGHT THERAPY® SYSTEM

- 10,000-lux full spectrum lights
- Easily available replacement bulbs
- UV filter

## AROMATHERAPY

- Removable diffuser with wood support
- Uniform distribution of essential oil molecules

# COMPLEMENTARY PRODUCTS

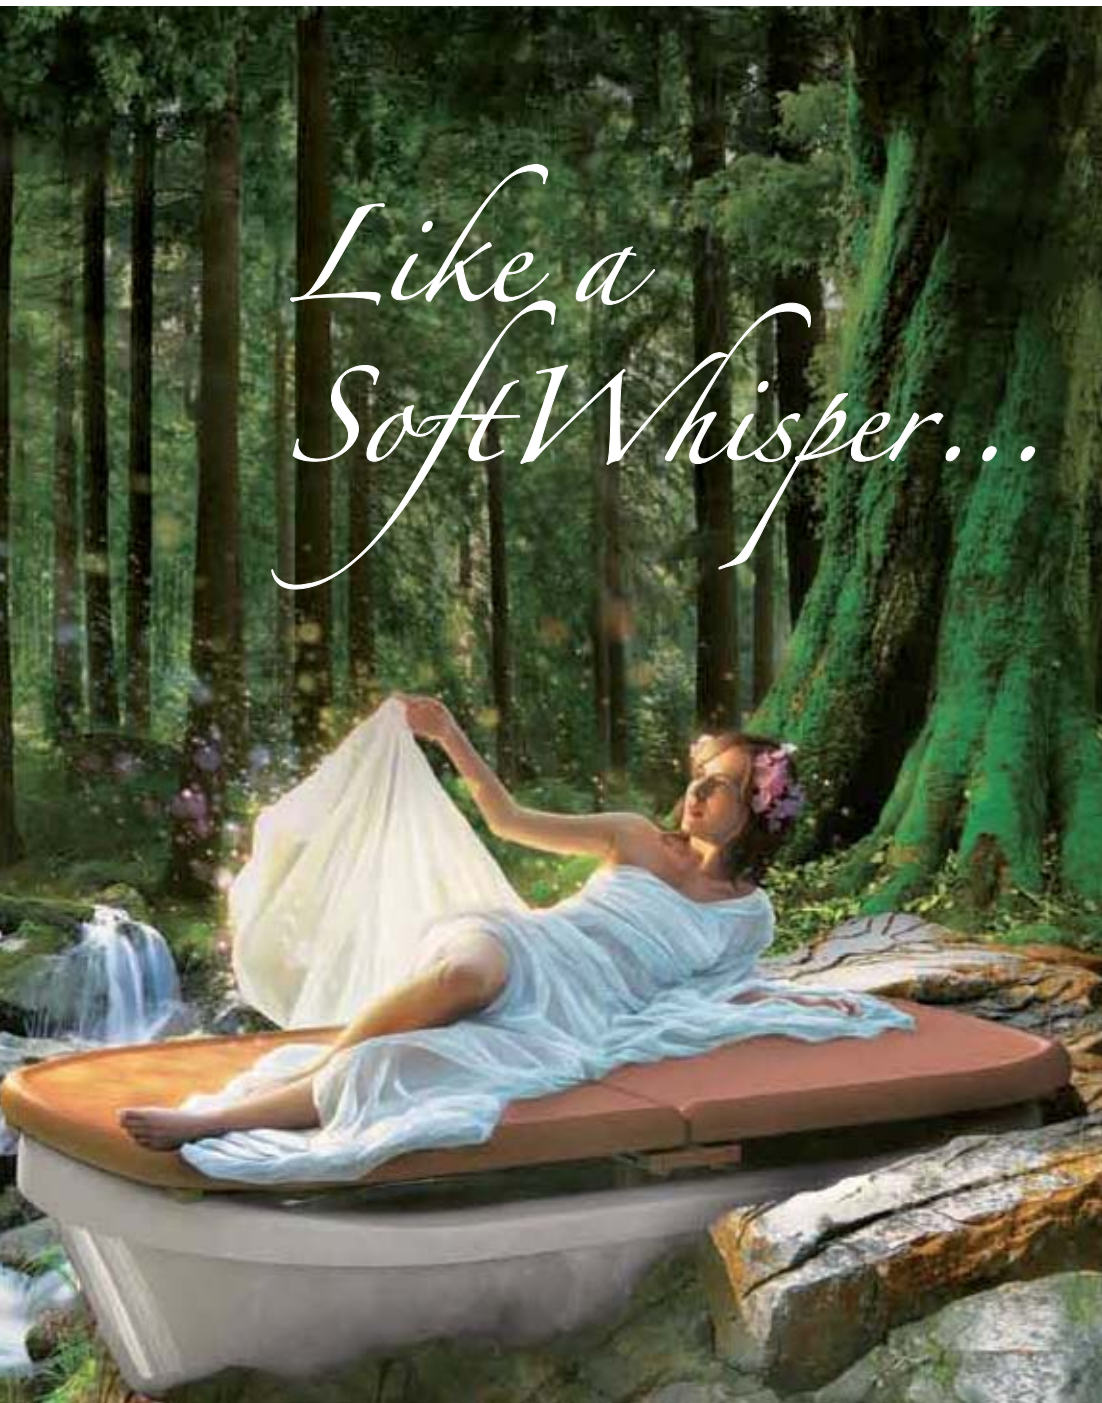

© AKAŠA (Complementary products)

Akaša, BainUltra's complementary product line, helps you achieve maximal health and well-being. Its products are designed to help you take care of your body, heart, and mind. Adding Akaša to your home—to your haven of relaxation, health, and well-being—lets you express your wish to go through life in perfect harmony with your true nature.

akaśa™  
by BainUltra

◀ Shown are the Akaśa espalier, universal massage table, universal legrest, and relaxation chair and footrest.

# THE ESPALIER

◀ **Start your morning ritual** with stretching exercises to wake up your body.

**Combine** the universal massage table and espalier to make your exercises more comfortable.

**Go through a range of activities** to stretch your muscles and release the day's tensions.

Using the espalier in combination with the ThermoMasseur® will help you become more centered and aware of your body.

*See the exercises booklet specially designed to help you explore your new equipment. This booklet was designed and created with the Kinesiology Clinic at Laval University in Quebec City.*

## THERAPY / DESIGN / ARCHITECTURE

In designing the espalier, BainUltra® took its inspiration from the harmony that exists between man and nature. The design of the espalier is meant to evoke the majestic tree, with its roots firmly in the ground and its branches reaching toward the heavens. Taking care of ourselves and our bodies is fundamental if we are to quiet our busy minds and find the inner peace that results when our bodies, hearts, and thoughts are in perfect balance.

- T** • Find time every day to stretch
- D** • Become aware of the forms and dimensions that are welcoming your body
- A** • Anchors to the wall safely and unobtrusively

# UNIVERSAL LEGREST

◀ **Installed on the tub floor**, the universal legrest lets you elevate your legs for greater relaxation.

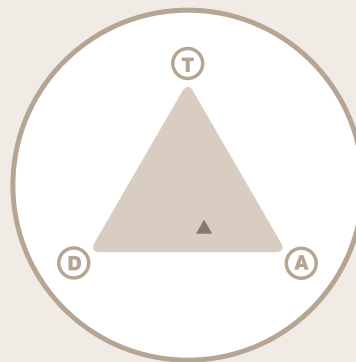

**It can be removed**, allowing different bathers to find their own comfortable positions.

**Innovative design** is intended for use in the bath.

**The wood** is meant to retain its original appearance after immersion in the bath.

Together with the ThermoMasseur®, the universal legrest provides natural support to facilitate total relaxation.

› **Western red cedar** is the wood of choice for places where moisture is present. That's why we selected it for the relaxation table, footrest, and our universal legrest—items that are designed specifically for the bathroom. Because it is a softwood, it is comfortable when used in relaxing settings and will develop a lovely soft patina over time.

## THERAPY / DESIGN / ARCHITECTURE

Working to develop the Tekura® universal legrest, we were inspired by our findings that the position of the body in the bath could help users enjoy an enhanced Hydro-thermo massage® experience. The universal legrest is a wonderful way to heighten the comfort experienced in all our ThermoMasseurs.

- T** • Your body is stable and fully relaxed
- D** • Your body can maintain its position in the bath effortlessly
- A** • The universal legrest blends in beautifully with the other products in your Inspiration Bathroom®

# THE UNIVERSAL MASSAGE TABLE

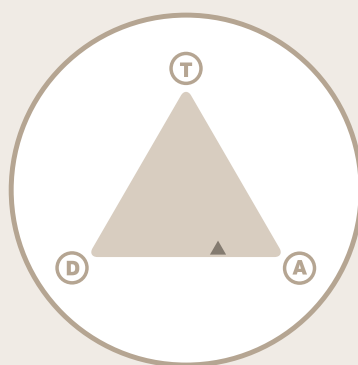

◀ **This unique universal massage table** remains completely stable when placed over any BainUltra® freestanding bath.

**When used at ground level**, it can serve as a platform for relaxation.

**Its** allows your body to welcome massage therapy.

By placing the table over the bath, you can make optimum use of space and enjoy another treatment in the special place you have dedicated to relaxation, health, and well-being.

## THERAPY / DESIGN / ARCHITECTURE

The shape, texture, and sections of the universal massage table are all inspired by the leaf—the tree's beautifully veined appendages that drink in the light of the sun. The leaf's soft texture evokes comfort and adaptability, just as the universal massage table elicits physical relaxation and adapts to users and the various bathtubs it is designed to fit.

- T** • Enjoy spa treatments in the comfort of your own home
- The table may also be placed on the floor and used as a platform for relaxation
- D** • Revel in its comfortable materials and its soft nature-inspired shape
- A** • One universal massage table style works with most freestanding BainUltra models

# THE RELAXATION CHAIR AND FOOTREST

◀ **The chair and footrest** provide the ideal seating during Vedana® sessions.

Because the **footrest** was designed to be extremely comfortable, you can use it solo when space is limited, resting your back on the nearest wall.

**Its space-saving shape** suits most bathrooms.

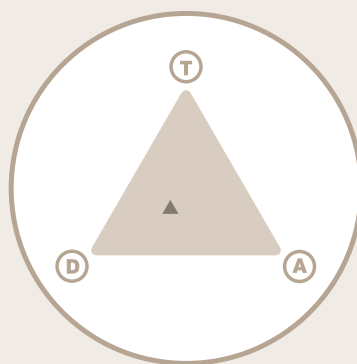

**Taking a moment to relax** in the chair is an excellent way to transition into or out of a treatment.

**Designed** to withstand the water and humidity found in bathrooms.

In combination with a ThermoMasseur® session, the chair provides a comfortable way to prolong the resulting feeling of well-being.

*The chair is offered in a limited edition and it is hand-made by local craftsmen. It comes with a certificate of authenticity.*

## THERAPY / DESIGN / ARCHITECTURE

BainUltra® invites you to slow down and make the decision to take time for yourself. Have a seat in a chair designed expressly for the purpose of enjoying beneficial treatments in a special place dedicated to your health, relaxation, and well-being: your Insuperience Bathroom®.

- T** • Take time to relax—make clearing your mind a daily ritual
- Let your body find the ideal position for receiving healthful treatments
- D** • This product, designed to help you achieve full relaxation, has been developed around the concept of taking care of oneself
- A** • It blends seamlessly with your bath or Vedana

# BAINULTRA ESSENTIAL CARE PRODUCTS

Maximize the benefits of your bath with our exclusive line of Essential Care products. Choose from a range of essential oils or discover our energizing mud bath. Our Essential Care products feature only the purest ingredients and help make your bath time a total wellness experience.

Soothing blend of essential oils. Calm helps you relax and get the deep rest you need.

Purifying blend of essential oils. Pure helps eliminate toxins and promote a feeling of well-being.

Muscle-relaxing blend of essential oils. Relax Muscles soothes muscular pain and spasms, relieves sore joints, and promotes a feeling of total relaxation.

Energizing effects of peat mud. Energy invigorates and remineralizes while reducing toxins and inflammation.

## EUPHONIA HEADSET

### LISTENING TO MUSIC IN YOUR BATH IS MADE EASY AND SIMPLE

Euphonia invites you to visit the universe of relaxation, veiling all surrounding sounds to make your massage experience truly beneficial.

### THE PERFECT ADDITION TO YOUR BATH

Contemporary in design, Euphonia's headset is wireless and waterproof. You may select from BainUltra's pre-programmed musical selection. Or, if you prefer, you can create your own playlist.

# FOUR EXPERIENCES FOR YOUR VEDANA® CARE UNIT

Imagine being enveloped in a sensory experience that harmoniously blends 5 therapies, like a symphony. The sounds carry you away on a wave of melody. You breathe in the tiny droplets of essential oils, savoring the aromas while warmth, light, and color make your experience even more transformative.

Imagine a place far away from the workaday world, where you can finally enjoy freedom. A place where you listen to yourself with all five senses and attain harmony. A place where, as you travel further down your path, you feel yourself open up, like the petals of a flower. To wonder. A place where self-awareness moves you to be mindful of your loved ones, feeling love.

*Let me  
invite you  
to my world  
Now follow me there...*

Four new original musical compositions created for our Vedana personal care unit are now available on CD, so you can stay in harmony wherever you go.

## 1. FREEDOM

When you enter my world, you shed the trappings of the workaday world. Noise, clutter, and commotion fall away. Get in touch with your physical and mental state and treat yourself to the experience of living in the moment.

## 3. WONDER

The third step on your voyage is to open yourself up to wonder. Get in touch with your creative potential—feel the joy of being part of a world where everything is possible.

## 2. HARMONY

Now you are ready to attain harmony. Start by activating your senses—smell, listen, look, breathe. Get in touch with your feelings and prepare yourself to hear what your body is telling you.

## 4. LOVE

Only once you have found the center in yourself are you ready to turn toward others. Get in touch with the energy within, that sublime lifesource that calls forth your desire to love yourself and others.

## ACCESSORIES

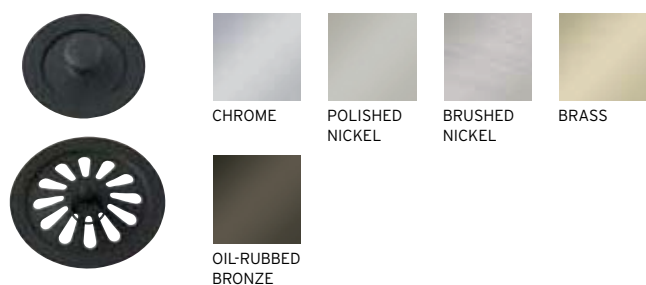

DRAINS,  
OVERFLOWS  
& CLAW FEET

## DRAINS &amp; OVERFLOWS 16 X 35

Cable driven. The finishing touch for your bath.

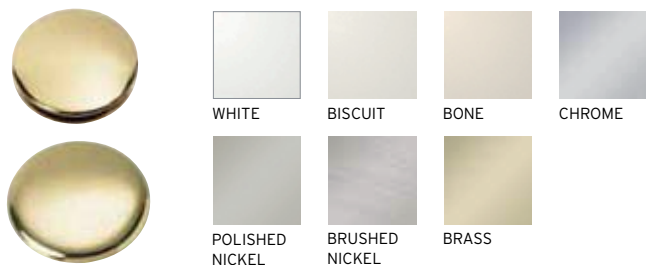

DRAINS & OVERFLOWS D13  
(EXCLUSIVE TO BALNEO® COLLECTION)

Exposed drains & overflows round out the luxurious look of Balneo baths.

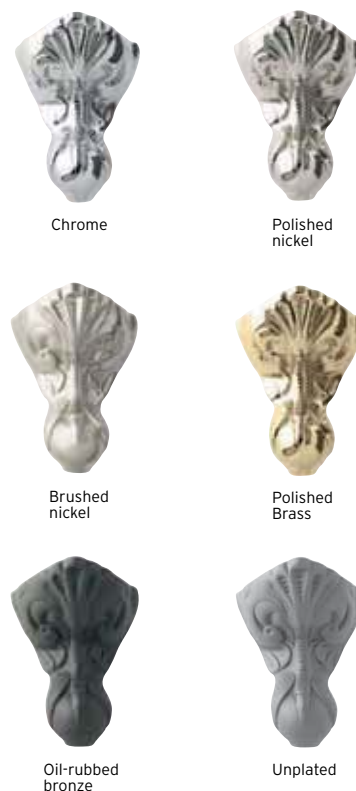

## DRAINS &amp; OVERFLOWS D14 (ELEGANCIA®)

Automatic pop-up. Fit perfectly with Elegancia baths.

CLAW FEET  
(EXCLUSIVE TO  
BALNEO COLLECTION)

Cella offers claw feet to add a personalized and unique touch of class to this freestanding bath.

› **NOTES:** Printed colors shown here may vary slightly from actual colors. Please use this chart as a reference only.

## ACCESSORIES

# TOWEL BARS, GRAB BARS & TILE FLANGES

### TOWEL BARS (EXCLUSIVE TO BALNEO® COLLECTION)

Towel bars add special charm to your footed or freestanding bath. Two different models available (Tube and Twist). No bar can be installed along the drain side. Towel bars can be factory-installed only.

**Note:** No towel bars can be installed on Cella 6036 & Sanos 6636.

## ACCESSORIES

# MIA® CONTROLS: PURE SIMPLICITY

### MIA®

Simple and understated, the Mia controls blend perfectly with the bath design and let you modulate air-jet power, so you can relax the way you want.

- Adjust air-jet power
- Activate the drying cycle

### MIAPLUS®

The MiaPlus display is easy to read from all angles. Select settings and options to suit your needs.

- Choice of LED light color (Chromatherapy option)
- Set session duration
- Set backrest temperature
- Personalize session settings for up to 4 different users
- Personalize drying cycle

### MIAMULTI®

Top-of-the-line MiaMulti comes with the same functional and operational features as the MiaPlus, along with a waterproof, floating remote and infrared sensor so you can personalize your Hydro-thermo massage® session at a distance.

- Can be wall mounted anywhere in the room
- Lets you select a multitude of additional functions and options

## ACCESSORIES

# LED SYSTEM – CHROMATHERAPY

### THE BENEFICIAL EFFECTS OF COLORS

Light is a vital universal energy that influences your biorhythms, with each color affecting you differently. Colors also help maintain balance in your life. Known for centuries and recently rediscovered by the scientific community, chromatherapy can greatly enhance your health and well-being.

#### ◀ RED

Stimulating and exciting, red activates circulation and wakes up the senses.

#### ◀ ORANGE

Soothing and pain-relieving, orange stimulates the respiratory system and soothes muscular pain.

#### ◀ YELLOW

Nourishing and creative, yellow promotes digestion and increases brain activity.

#### ◀ VIOLET

Immunizing and tranquilizing, violet stimulates the immune system, detoxifies the body, and reduces anxiety.

#### ◀ GREEN

Calming and stabilizing, green relaxes the entire body and balances emotions.

#### ◀ BLUE

Relaxing and soothing, blue reduces blood pressure and stress and while soothing the soul.

## SKIRTS

# SKIRTS

### MULTIFIT (adjustable)

Fits most rectangular models.

# WARRANTY

## OUR PRIDE IS WARRANTED

At BainUltra®, we are proud of the quality of our products. Our manufacturing process favors artisanship over automation. All of our products are designed, manufactured, and assembled by a team of highly trained craftspeople who are passionate about their work. Workers make a full, documented inspection at every step of production.

## YOUR RELAXATION IS GUARANTEED

With our 34 years of experience designing and manufacturing the BainUltra ThermoMasseur®, we have always maintained strict control over the production and quality of every element that goes into our products. Above all, we have 34 years of documented reliability and durability. The superior quality Lucite (Perspex®) acrylic that goes into the fabrication of most of our products largely contributes to their exceptional characteristics. That's why we can offer the strongest warranty on the market. We cover the bath and turbines for 20 years\* and the controls for 5 years\*. All of which means that you can relax in the knowledge that you have purchased the very best bath product available.

## WHY PURCHASE FROM AN AUTHORIZED DEALER?

Purchasing your BainUltra product from an authorized dealer guarantees that you will benefit fully from all the advantages of our exceptional warranty and our remarkable after-sale service.

\* Some restrictions may apply. Visit our website at [bainultra.com](http://bainultra.com) to download our complete warranty program.
