

T752 Mini Tap XL

Saddle Tapping Tool

The ideal tool for drilling through saddle mounted corporation stops, from 3/4" to 2" into CI/DI and PVC pressurized water mains.

- Compact and lightweight design, CNC machined using high grade materials.
- Independent feed and rotation improves operator feel and increases cutter life.
- Heavy duty acme thread drive resists damage for longer tool life.
- Drills and cutters designed specifically to drill through CI/DI and PVC pipe.
- All components and accessories are non-corrosive.
- Can be operated manually or power assisted.
- **Lifetime Warranty!**
