

SUNRISE

Fine Period Style Plumbing

Welcome to Sunrise Specialty

America's leading supplier of fine Period Bathware, including the largest selection of Titanium enameled cast iron bathtubs, solid brass showers, faucets and accessories, as well as water closets and lavatories.

Sunrise takes pride in using only the finest original materials including solid brass, solid oak, and copper, and the most stain resistant Titanium based porcelain enamel available on the market.

Beginning in 1972 as Sunrise Salvage, a purveyor of used houseparts rescued from razed victorians in the San Francisco Bay Area, Sunrise has evolved into a worldwide supplier of high quality plumbing fixtures meeting all plumbing codes and providing the best in modern convenience while retaining all the period charm of the original antique pieces our products are modeled from.

All Sunrise products are protected by a limited lifetime warranty, 45 day satisfaction guarantee, and are available in your choice of natural or epoxy coated polished brass, polished chrome, polished nickel, brushed nickel, and oil rubbed bronze finishes.

Because Sunrise finishes and assembles all our products at our plant in Oakland, we can often provide a variety of custom products, so if you don't see it, ask!
