

# Space Saver Flanges

## Downsizing with Space Saver Flanges is the answer to costly meter replacement.

Our patented Space Saver Flange revolutionizes the process of replacing a large meter with a smaller meter. Originally developed for water meter downsizing, the space saver offers a concentric reducer in a short lay-length, dramatically reducing the amount of space and piping needed to downsize. You save work, time, money, and space.

### Features:

- Saves work, time, money, and space
- Available in 31 standard sizes
- Manufactured in special sizes up to 24" (upon request)
- #125/250 configurations available
- special thicknesses and drilling patterns available (upon request)
- Shipped bare, ready to install
- 12 o'clock notch helps with installation
- Used in a variety of industries
- Comes fully assembled with studs, nuts, and gaskets, so you don't have to worry about special hardware

### Materials:

- Flange: Cast Iron
- Studs: B-7 Hardened Steel for extra strength
- Gasket: Matte finish red rubber standard, other materials available upon request
- Special coatings available upon request
