

5049 Med Tech Disposable Specification Sheet

PRODUCT DESCRIPTION:

Rubber latex is, by its very nature, a natural substance. The natural rubber latex polymer used in the manufacture of natural rubber gloves is a biodegradable material that is inherently antimicrobial and antibacterial. The 5049 features 11 mil thickness, 11 inch length and is medical grade (Class 1 medical device). It also has a textured grip and is powder free. !! CAUTION !! These products contain natural rubber latex which may cause allergic reactions in some people. Looking for the best disposable latex gloves? Look no further than MCR Safety!
