KOHLER.

Features
- 1.28 gpf (4.8 lpf).
- Left-hand Polished Chrome trip lever.
- Combines with the K-4347 or K-4829 bowl to create a complete K-3887 or K-3851 Cimarron toilet.
- Coordinates with other products in the Cimarron collection.

Technology
- Single-flush gravity uses the force of gravity and a precision-engineered tank to create a strong siphon during flushing.
- AquaPiston® canister allows water to flow into the bowl from all sides (360 degrees), increasing the power and effectiveness of the flush.
- Flush valve's 3:2 ratio harnesses the natural force of gravity and optimizes flush performance.
- Durable canister design has 90% less exposed seal material than a 3" flapper for leak-free performance.
- Light-touch canister flush requires a lower actuation force than a flapper.

Installation
- Supply line sold separately.
- DryLock® System saves installation time and helps prevent water leakage.
