

# GFCI Extension Cord

**RAP32001**

## Model Numbers

RAP32001 3FT 12/3 SJTW YELLOW GFCI TRIPLE-TAP ADAPTER

## Product Features

- **Power Indicator Light** – Allows user to see when the power is “on” (Triple-Tap only)
- **Creates Extra Outlets** – Triple Tap converts one outlet into 3 GFCI protected outlets
- **Test & Reset Buttons** – Ensure the unit is functioning properly and safely
- **Water Resistant** – Jacket will not absorb water that can corrode copper conductors or cause dangerous electrical shocks
- **Flame Retardant** – Jacket compound is designed to not allow burning to spread. The compound is formulated to cause the flame to burn out before spreading further on the cord.
- **Superior Flexibility at Sub-Freezing Temperatures** – this cord is designed to maintain flexibility and resist cracking in temperatures down to -40°F (-40°C).
- **OSHA Approved** – Meets OSHA requirements for Ground Fault Circuit Interrupters for use on jobsites.
- **cULus** – Tested to both U.S. and Canadian standards
- **NEMA Plug Configuration** – 5-15P to three 5-15R
- **Electrical Ratings** – 15A/125V/1875W

## Warranty

Subject to the limitations expressed herein, Seller warrants to the original Buyer that hand tools manufactured and sold by Seller (“Tool”) shall be free from defects in design, material and workmanship under Normal Use for the life of tool. This warranty is void for any damage caused by misuse, abuse, neglect, or acts of God. For the purpose of this section, “Normal Use” means in strict accordance with any documentation describing safe practices used by a professional tradesman in the industry.
