

# Virex® Tb

## Ready-to-use Disinfectant Cleaner

One-step cleaner and disinfectant for spray-and-wipe cleaning in health care and other facilities.

### Features & Benefits

- Kills HBV and HIV-1 (AIDS virus) in one minute. Provides broad spectrum kill of gram positive and gram negative microorganisms, including Tb, MSRA, VRE, MRSE, HBV, HIV-1, Canine parvovirus and many more
- Kills Tb in five minutes and all other bacteria in three minutes. Kills Norovirus in 30 seconds
- Ready-To-Use formula provides excellent, cost-effective cleaning and disinfection in one step
- Eliminates odors leaving surfaces smelling clean and fresh

### Applications

- This product can be used in multiple areas such as hospitals, health care facilities, medical offices, hotels (motels), public facilities, public restrooms, institutional facilities and schools (colleges and universities)

### Use instructions

- Spray area until it is covered with the solution
- Allow product to penetrate and remain wet: three minutes for all bacteria, five minutes for Tb, one minute for HBV and HIV-1 (AIDS virus) and 30 seconds for Norovirus
- Air Dry, wipe surfaces to dry and remove any residue, or rinse with potable water as necessary
- For heavily soiled areas, thoroughly clean surface prior to disinfecting
- A potable water rinse is required for surfaces in direct contact with food
