

Versatile High Visibility Apparel Options for Any Application

Engineered to provide safety and protection in the toughest work environments.

- ANSI/ISEA 107 Type R compliant for high visibility with two tone reflective tape in a X Pattern layout.
- Icon outerwear is constructed from a breathable polyurethane on 300 denier polyester shell for great wear and durability with roll-a-way, adjustable, detachable hood and attachment points on jackets to accommodate SYNC System™ Liners of equivalent size.
- Sweatshirt is constructed of a comfortable, high density polyester material with detachable 3 panel double plied hood, taffeta lined sleeves for ease of movement, and attachment points for use as a liner in SYNC System shells of equivalent size.
- Surveyor vest features 100% polyester solid material, snap front, 8 exterior and 4 interior pockets.

Ideal Applications: For use in environments where high visibility is desired for wearer safety and comfort.
