

Post-filter replacement  
EQ-PFC.35

EQ-PFC.35 post-filter replacement cartridge, for use with your Aquasana Whole House Well Water Filter. — satisfaction guaranteed.

The Aquasana F-300-85 Rhino Whole House Filter System treats and significantly reduces the bacterial contaminants and local pollutants specific to well water. Enjoy clean water, rich in minerals and low in contamination, from every faucet in your home for just pennies a day.

Our unique five-stage filtration process reduces organic compounds like pesticides and herbicides, treats bacterial contamination, and reduces 97% of the chlorine in your water — all for a low price.

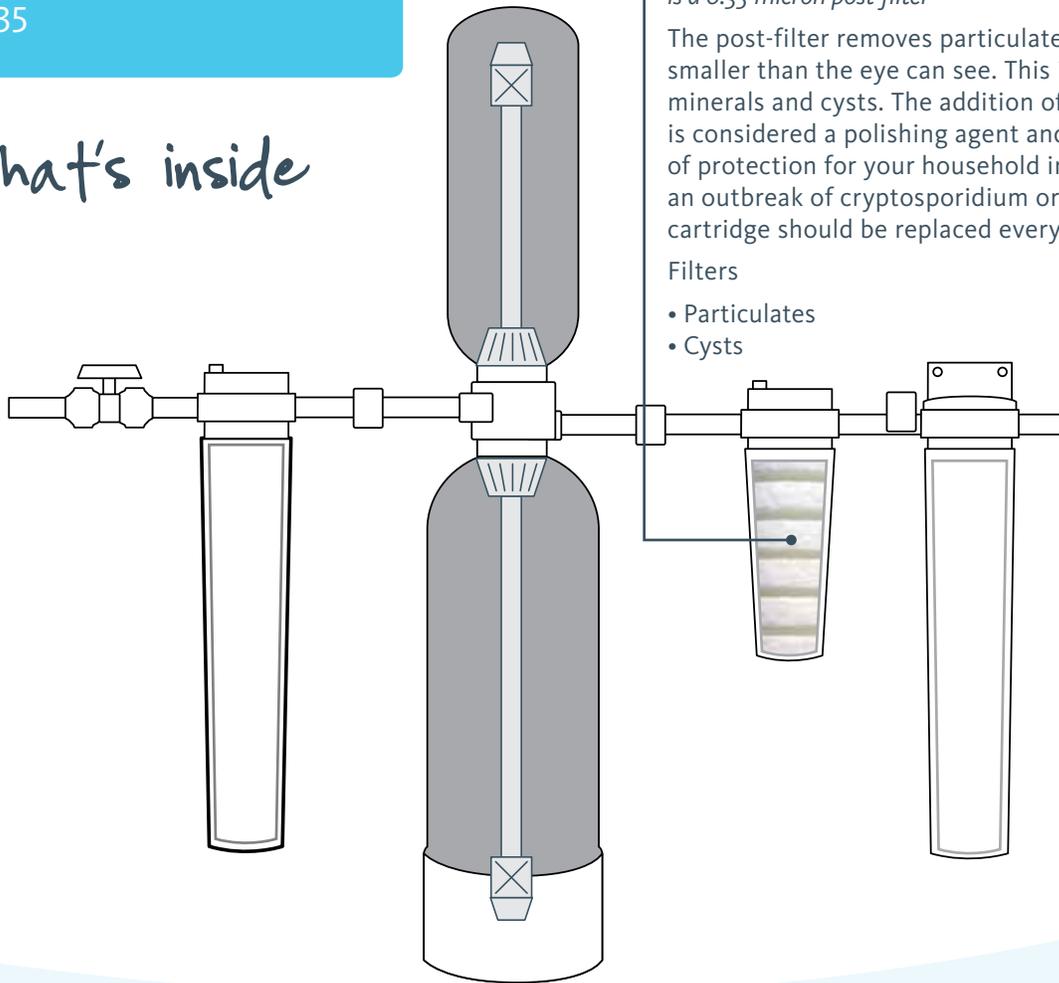

The system is easy to install with the help of a licensed plumber, requires no back-flushing, and requires only minimal electricity (to power the UV filter). System maintenance is easy: replace the filter tanks every 300,000 gallons (about every three years for the average three-to four-bathroom household), and most people can do it without a plumber's assistance.

Choose an Aquasana whole house well water filter and rest easy knowing that you made the smartest decision about the water in your home.

Made in the USA.

## Post-filter replacement EQ-PFC.35

What's inside

### Stage 4

is a 0.35-micron post-filter

The post-filter removes particulates 60 times smaller than the eye can see. This includes insoluble minerals and cysts. The addition of this post-filter is considered a polishing agent and adds a level of protection for your household in the event of an outbreak of cryptosporidium or giardia. This cartridge should be replaced every 9-12 months.

#### Filters

- Particulates
- Cysts

## Pure Satisfaction

All Aquasana products offer a 90-day 100% satisfaction guarantee. (This system includes a three-year warranty, which covers defects in materials and workmanship.) If for any reason you are not satisfied with your purchase, contact the dealer you purchased from for a full refund (upon return of the product.)

This filter system is designed and tested for use with genuine Aquasana parts, including replacement filters and all hardware. Use of parts from other manufacturers may result in loss of contaminant reduction performance, system damage or failure. Use of parts from other manufacturers will also void your warranty. Contact your Ferguson store for replacement parts.
