

CI-390 SERIES INLETS

CENTRAL CLEANING SYSTEMS

ElectraValve™ Electrified Inlet

Makes it a simple one-step operation to plug in a current-carrying hose – no extra 120V cord to handle! Use with NuTone CH610 Direct Plug Hose.

FEATURES:

- Eliminates need for 'extension' of electrical cord from inlet to electrical outlet
- Operates on standard house wiring
- Molded power receptacle clips to mounting plate; run wiring to nearest outlet box
- Two finishes – white and ivory
- UL Listed Assembly
- One Year Warranty

SPECIFICATIONS:

Use	Only with CH610 Deluxe Direct-Plug Current-Carrying Hose
Finishes	White – CI390W Ivory – CI390V
Installation	Use 390RK Rough-In Kit (includes mounting plate, snap-in power receptacle, 6', 12-gauge cable assembly and plaster guard
