

Super Funny Pipe®

● 20', 50', 100' Coils

● Up to 120 psi

Toro® Super Funny Pipe is practical and saves time.

Whether you are installing a new system or replacing an old sprinkler, Super Funny Pipe makes the job easier. Acting like a flexible extension cord between the water line and sprinkler, Super Funny Pipe allows users to position sprinklers exactly where needed. Even deep-seated high-pops, in hard-to-trench locations, are easier to install. Made of high-strength polyethylene tubing, Super Funny Pipe solves all your tough sprinkler installation and replacement problems.

Features & Benefits

Flexible, Thick-walled Polyethylene Pipe

Super Funny Pipe is a high-strength poly tubing that solves tough sprinkler installation and replacement problems. It acts as an extension cord between the water line and the sprinkler.

Easy Installation For Problem Areas

One of the most useful and time-saving sprinkler installation aids whether you are installing a new system or replacing an old sprinkler. Also comes pre-assembled as the Super Funny Pipe Swing Joints in 8" and 12" lengths or just get the individual fittings as needed.
