

## DRAIN PAN

MODEL: 302

---

---

### 1 piece seamless Drain Pan

### Fabrication:

**Material:** ASTM-A653 CS Type B

PVC fitting is 3/4" schedule 40 PVC with a Buna-U O-ring and a 3/4" conduit locknut

### Construction:

Drain Pans are constructed by bending & folding all four corners to achieve a water proof seal. A 1/2" hem is added along the entire perimeter for added stability. The Drain Plug is installed in a die stamped hole using a PVC type adaptor.

### Available Options:

Multiple Sizes and Gauges
