Tile Flange Detail

One dedicated circuit required, protected with Class A Ground-Fault Circuit-Interrupter (GFCI) or Residual Current Device (RCD).

All product dimensions are nominal.

Electrical component rating: Blower: 120 V, 10 A, 60 Hz, 300 W

Measure your actual product for rough-in details.

Install this product according to the installation instructions.

The hot water supply should be 70% of the capacity of the bath or greater. Installations will vary.

Provide one grounded electrical outlet within 24" (610 mm) of each component.

Remote blower installation kit is available for relocating the blower. Provide access for servicing the blower.

Do not relocate or alter the PVC tee or coiled flexible tubing connected to the blower. Follow the blower relocation instructions exactly.
