### Notes

Install this product according to the installation guide.

**NOTICE:** If a bathroom sink will be installed, the plumbing must be roughed into the plumbing cutout area of the vanity. Refer to the bathroom sink roughing-in and the vanity roughing-in for proper placement. The water supply and drain lines must be installed before installing the vanity.

**NOTICE:** Select lag bolts according to your finished wall thickness and rated with a minimum of 300 lbs (136.08 kg) load bearing.

**WARNING:** Risk of property damage. Do not modify the vanity in any way. Doing so will compromise the structural stability of the vanity.
