## Material Number 9046400, 45° Fitting Elbow Ftg x C - Wrot, 606-2

The 45-degree elbow features a solder cup and male solder end. The fitting provides a means of changing the pipe line direction by 45 degrees. Please refer to NIBCO technical data sheets and catalogs for engineering and installation information. In addition to its inherent qualities of beauty, durability and low maintenance, copper's reusability makes it an ideal application in sustainable projects. NIBCO® copper fittings are manufactured in an ISO 9001 certified facility, and backed by a 50-
