PRODUCT CUT SHEET

MODEL 11383834 LSADA or RSADA

Dimensions

WIDTH O.D.	38"	$\frac{3}{4}"$ Threshold Transfer Shower
DEPTH O.D.	38"	
HEIGHT O.D.	76"	
Dimension Tolerance +/- 1/4"		

Features

One piece construction
Walls reinforced with OSB
Smooth Walls
Slip Resistant, Textured Bottom
ADA Compliant

Approvals

We employ independent testing to certify that products meet the requirements of ANSI Z124.1.2, ASTM F462, FHA/HUD-UM-73a, ANSI 117.1, & ADA.

Installation Notes

Refer to installation instructions included with bathing fixture before beginning installation. Fixture is not drilled for supply fittings. Shimming may be required to level the fixture.

Warnings

Caution:

All ADA compliant shower units with No inside curb and a $\frac{3}{4}"$ outside skirt will have water escape onto the bathroom floor. We recommend you take the following precautions:

- 1) Top of threshold cannot be higher than $\frac{1}{2}"$ from FINISHED FLOOR to be ADA compliant.
- 2) If possible, install our 2" skirted models with a $\frac{1}{2}"$ interior curb to reduce the amount of water that escapes onto the floor.
- 3) Install a floor drain outside the unit to control water that escapes onto the floor.
- 4) Install a collapsible vinyl dam strip. (see our options)

Important:

*Valve, Hand-held Shower and slide guide shall be provided by Manufacturer for field installation to ADA guidelines. Custom ADA and/or non-compliant accessories and options available upon request.

Important - Slab Preparation

Chip concrete to allow the drain area room to set below grade.
