Advantages

36"

German Engineering: Our superior products offer premium quality, cutting edge design and innovative features that fit with your busy lifestyle. Plus, exclusive components and materials along with the latest production processes ensure energy efficiency and performance for years to come.

Duo Cooling

DuoCooling: The dual refrigeration system creates optimal conditions in both the refrigerator and freezer which lengthens the shelf life of food items for a healthier lifestyle. This technology also preserves the flavor and texture of foods since there is no transfer of unwanted air, moisture or food aroma between the two compartments.

SuperCool/SuperFrost: Simply quick chill and or freeze fresh groceries to preserve optimum freshness and seal in flavors, textures as well as maintain essential vitamins and minerals.

Super Quiet

SuperQuiet: Noise is kept to a minimum with virtually silent, speed controlled compressors and a low nose cooling circuit; while also ensuring exact performance, energy efficiency and SuperQuiet operation.

Energy Star: Liebherr refrigerators help to produce less energy waste and greenhouse gas emissions with the aim to have the least damaging effect on the environment and offering solutions that help consumers conserve energy.

Soft System

SoftSystem: Unique to Liebherr is our patented SoftSystem, often used in high-end cabinetry, ensures that the door closes gently, even when fully loaded. Plus the door opening angle can be reduced to 90 degrees allowing for more design options within kitchen décor.

Glass Line

GlassLine: The elegant yet tough GlassLine shelves are scratch resistant and easy to clean as well as dishwasher safe. The space-saving shelves are designed for organization and are completely adjustable to suit your needs and the contents of the refrigerator; additionally the lighting shines through for a brighter interior.

LED

LED: Distinctive LED light columns are integrated into both sides of the compartment liner. Inside the columns are numerous cool LED lights that ensure uniform lighting throughout the interior.

Gallon Storage on door: A Liebherr is designed to fit more cubic feet of your everyday life. The durable yet elegant GlassLine door racks easily accommodate a large supply of milk or juice on hand.
